The School District provides services for the following disabilities: speech/language, specific learning disability, educationally disabled, visually impaired, hearing impaired, physically disabled, multi-handicapped, emotionally disabled, developmentally delayed, and Section 504.

Persons with disabled children who are 21 years old or younger are encouraged to contact the Hancock County Child Find coordinator:

Director of Special Education
 7060 Stennis Airport Drive, Kiln, Mississippi 39556
 Telephone: (228) 466-6340 Fax: (228) 466-6452

The Hancock County School District Policy Manual governs all policies and procedures of the district, including the student handbook. A copy of the Hancock County School District policy manual is available for review at every school site and the Superintendent's Office.

THE MIDDLE SCHOOL CONCEPT

The mission of Hancock Middle School is to provide the educational environment and opportunities that will help all students become lifelong learners and good citizens. Striving to meet the needs of early adolescents, Hancock Middle School selects educational goals, curriculum, and classroom instruction that will best serve the distinctive and diverse characteristics of these students. Recognizing that the middle school experiences of these early adolescents will influence their entire lives, Hancock Middle School models the following qualities of a true middle school concept:

- ✓ Focus on the nature and developmental needs of the adolescent.
- ✓ Recognition of the risks faced by the middle school student intellectually, physically, psychologically, socially, morally, and ethically.
- ✓ Creation of learning environments where students can learn by doing and by using a variety of techniques.
- ✓ Emphasis on relevant, interdisciplinary learning.
- ✓ Establishment of structure and standards for students to prepare them for life's demands.
- ✓ Provision of a loving and supportive atmosphere that accepts adolescents as they are and helps them appreciate and understand themselves.

HANCOCK COUNTY DISTRICT MISSION STATEMENT

The Hancock County School District is dedicated to the mission of insuring a quality educational opportunity for all students of the school district. The school district is committed to the following:

1. Strong instructional leadership
2. High expectations for student achievement
3. A safe and orderly school climate
4. A systematic evaluation of student achievement

The primary function of the student handbook is to make available to students and parents the rules and policies of Hancock Middle School. **While the handbook cannot possibly list every situation, it does provide the basic criteria necessary to convey the rules of proper conduct, the guidelines for academic and extra-curricular activities, the acceptable code of dress, and the criteria for awards, etc.**

The Hancock County Board of Education reserves the right to amend, delete, add, and/or modify policies, rules, procedures, and regulations stated herein based on changes in local conditions when current practices may indicate.

The Hancock County School District does not discriminate according to race, gender, color, or national origin.

For the purpose of this handbook, any reference to the parent also includes guardian and/or custodian.

PARENT AND SCHOOL COMMUNICATION

Our goal at HMS is to keep the line of communication open between parents and the school staff. If you have any questions or concerns regarding absences, grading, curriculum, or classroom procedures, the teacher should be contacted first. If the response is not satisfactory, you may contact the administration of the school. If the issue remains unresolved, then the superintendent's office should be contacted.

There shall be four grading periods of approximately nine weeks each. Report cards shall be issued at the end of each nine-week period. The average posted on the report card will be based upon daily class work, daily and chapter tests, individual/group projects, and outside assignments.

In exploratory, enrichment, and career discovery courses the combined averages must be 65 or higher. Students must comply with the district's attendance policy.

Grade 7 students who fail to meet the 7th grade benchmarks as determined by the Mississippi curriculum Test (MCT) administered in May will be referred to the Teacher Support Team and placed upon Tier III of the intervention process.

The superintendent, principal, and teachers will consider special exceptions to the promotion/retention policy. Transfer of regular education students shall be done only upon recommendation of the principal and approval of the superintendent. Such transfers shall only be made in situations involving unusual circumstances.

REQUIREMENTS FOR GRADUATION

Eighth grade students who are enrolled in Algebra I must pass the Subject Area Algebra I Test to fulfill graduation requirements. Any student who fails a Subject Area Test and passes the course may retake the test during the next test administration. If the course is failed, the course must be repeated. If the test is passed and the course is failed, the test is banked and the student does not have to repeat the test.

TEACHER-STUDENT RELATIONSHIP

Reference MS Code 37-11-55

Teachers are available to help students in both academic and non-academic areas. Hopefully, all students will take advantage of this help. With mutual attitudes of respect and cooperation, teachers and students will achieve their goals. The Hancock County School Board and administrators recognize the teacher as the authority in classroom matters and support that teacher in any decision in compliance with the written discipline code of conduct.

Students are to obey those in positions of responsibility inside the classrooms, throughout the school buildings, on school buses, and at school-sponsored events. The school is responsible for students during school hours. Any student who disobeys a teacher or refuses to do as directed by a teacher shall receive consequences up to expulsion depending upon the violation and attitude of the student.

PARENT CONFERENCES

Parents are urged to confer with the teachers concerning their children. However, since interruptions of classes interfere with the learning process for other students, parents are requested to first contact the office to arrange an appointment with the teacher. Teachers shall refer parents to the office if an appointment has not been made for a conference.

AWARDS AND HONORS

An awards program will be held to recognize outstanding academic achievement, perfect attendance, and exemplary citizenship.

HONOR ROLL

An Honor Roll list will be published after the report cards are issued following each nine-week term and end-of-year term. To be on the Superintendent's list, a student shall have all "A's." To be on the Principal's list, a student shall have all "A's" and "B's."

REQUIREMENTS FOR HOLDING OFFICE

Students seeking the position of class officer or club officer must meet the following requirements:

1. The student must pass all subjects for the previous year, continue satisfactory work and be in regular attendance.
2. The student must exemplify good behavior; those who are placed on the discipline ladder may be removed from office.
3. Students may hold a maximum of 3 offices, none of which should be equivalent. Each sponsor will determine the level of each committee, club, and/or officer's position.
4. Officers will be asked to sign a contract of responsibility for officer-ship. Each club and sponsor will set these guidelines.
5. The student must meet any other qualifications of the organization.

GUIDANCE DEPARTMENT

The Guidance Department exists to aid the growth and development of students as they progress through school. It strives to provide opportunities for students to develop an understanding of themselves and their abilities and to base future academic, vocational, and personal decisions upon this knowledge. The counselor aims to help students profit as much as possible from their school experience, to assist students to mature as individuals, to understand their responsibilities for making decisions, and to live with the consequences of their decisions.

Students or their parents, who are seeking special assistance with academic, attendance, personal, or interpersonal problems may contact the school's guidance counselors. The services provided by the guidance department are as follows:

1. Student registrations and transfers
2. Individual counseling according to the area of need
3. Group counseling with students who have a common need
4. Peer tutoring programs
5. Teacher-Parent conferences
6. Weekly reports of student progress based upon individual needs
7. Daily tracking sheets, upon recommendation from the teacher and counselor
8. Individual student contracts
9. Referrals to support agencies
10. Assist with career plans

A student wishing to go to the Guidance Office must have a pass from his/her teacher or an administrator. **Students wishing to speak to a counselor should sign in with the guidance secretary to obtain an appointment.** Students will be called to the Guidance Office for their appointments. All students must sign in with the receptionist and wait only in the reception area.

HANCOCK MIDDLE SCHOOL TEACHER SUPPORT TEAM

The purpose of the Teacher Support Team (TST) is to identify and assist students who are demonstrating difficulty or sudden change in the areas of behavior, attendance, health, or academic performance and to direct these students to appropriate school-based or community-based services. Referrals to TST may be initiated by school personnel, the student's parent or legal guardian, or another person involved in the education or care of the student. Parental involvement in the TST process is vital for student success. Additional information about TST may be obtained from the Guidance Department.

EXTRACURRICULAR PROGRAMS AND SERVICES

Extracurricular activities are defined as those school-related activities, which are governed by the Mississippi High School Activities Association. The extracurricular activities provided at the middle school level include the following:

1. Band
2. Cheerleading
3. Competitive Sports
4. Dance Team
5. Choir

ATHLETIC ACADEMIC ELIGIBILITY

average for the preceding semester (computed numerically or by GPA). The year-end average for the spring semester will be used to compute averages for the fall semester. Students must be on track to be promoted to be eligible.

To be eligible for high school activities, the middle/junior high school student must have passed the four core courses (English, math, science, and social studies) with a 2.0 average for the preceding semester (computed numerically or by GPA). Summer school or extended school year grades will replace the grade for a failed course in the spring semester GPA.

The head coach and/or the athletic director can assist all students and parents with information regarding any MHSAA issues.

ATHLETIC ATTENDANCE ELIGIBILITY

If a student misses any part of a day of school, he/she cannot play in a game on that same day, unless the absence is approved and documented. Each absence, whole or part day will be monitored by the coach and may be reviewed by the athletic coordinator.

ATHLETIC MEDICAL REQUIREMENTS

All students participating in extracurricular activities must have an approved medical physical prior to any tryouts.

ATHLETIC DRUG TESTING

Students may be randomly tested for drugs or other controlled substances during the course of the year. Such testing will be provided by the school district. This is a preventive measure to insure the health and welfare of our young people taking part in school-sponsored athletic activities.

INSURANCE

Students who participate in extracurricular activities must carry school insurance, show proof of other coverage, or provide a signed waiver.

SPORTSMANSHIP

Athletes, spectators, and staff members at athletic events are subject to the same rules that are observed in school. Visiting athletes, spectators, staff members, and officials should be treated with the utmost respect. **Any unsportsmanlike conduct on the part of the athletes, spectators, or staff members may result in loss of the privilege to participate and/or attend any school athletic activity. Unsportsmanlike conduct may also result in the school's placement on probation.**

ATHLETIC FACILITIES

Athletic facilities are under the direction of the athletic coordinator. Use of athletic facilities will not be permitted without the prior written permission of the athletic coordinator and the principal.

If a student misses 50% of a school day, he/she cannot play in a game on that same day. Exceptions - a death in the immediate family, including grandparents, a serious illness in the immediate family, or a doctor's note. Each absence, whole or part day, will be monitored by the coach and may be reviewed by the athletic coordinator/director.

In accordance with these basic rights, students are expected to comply with the following rules during school time as well as on school-sponsored trips and activities. Students and their parents should note that administrators have authority to prescribe additional rules of student conduct in order to maintain discipline and an atmosphere appropriate for learning. Problems not specifically addressed in the *Code of Conduct* will be dealt with on a case-by-case basis.

DISCIPLINE POLICIES AND PROCEDURES

Students are expected to conduct themselves in a responsible manner and to respect the rights and property of others. Students shall abide by the laws of the State of Mississippi and of the United States. To insure parental and student understanding of school policies and rules, parents and students are required to sign the Handbook Verification form.

All such rules involving appropriate and inappropriate behavior apply equally to classrooms, hallways, the school campus, buses, bus stops, and to all school functions, both on and off campus.

Students have a responsibility to report physical, verbal, and emotional harassment, threats, and/or intimidation to the appropriate school staff member. Students are encouraged to use staff members as resources to assist with the day to day matters as well as safety issues, which are of significance to the individual student or general welfare and safety of any other person. Students should report unresolved matters to a school administrator. Disciplinary actions and procedures are subject to the following controlling principles:

1. The arbitrary administration of discipline is strictly prohibited, as is discrimination based upon race, color, creed, or sex.
2. The severity of punishment must relate directly to the gravity of the offense or the step of discipline for students who are on probation.

When behavior warrants an office referral, the following disciplinary options may be used:

AFTER SCHOOL DETENTION

(for 1 hr; to start 5 minutes after school is dismissed)

Students assigned to after school detention must prearrange transportation and be promptly picked up at the designated end time of detention. Students who are picked up more than 15 minutes late will lose the option of detention. Students who are tardy to detention or absent from school on the date of an assigned detention will be expected to serve the next available after school detention. Students who fail to serve a scheduled after school detention will be placed on the discipline ladder.

IN-SCHOOL INTERVENTION

In-School Intervention is defined as an administrative option that may be used for behavioral or academic management. In-School Intervention (ISI) will also be used for dress code violators. Repeated dress code violations will be dealt with in accordance with the Student Discipline Ladder. Any student placed in In-School Intervention will be denied attendance at school related activities.

SUSPENSION

The Superintendent or his designee shall report student suspension and student expulsion to the School Attendance Officer. Suspension from school is defined as temporary denial of school attendance. A conference with the student, the student's parent(s), and the principal is required prior to the student's reinstatement.

ALTERNATIVE SCHOOL PROGRAM

The Hancock County School District operates an alternative school program in accordance with MS Code 37-13-92. A student may be referred to the alternative school program when it is determined that the student's continued presence in the

regular school setting is disruptive to the educational process. Students expelled for possession of a weapon or for other felonious conduct are not permitted to attend the alternative school program.

Any student who is suspended, recommended for expulsion or placed in an alternative setting for disciplinary reasons cannot attend any school district event at home or away.

DUE PROCESS

Prior to any suspension the principal or his designee shall:

1. Advise the student in question of the particular misconduct and the basis for accusation; and
2. Provide the student an opportunity to explain his/her version of the situation; or
3. Immediately remove from the school premises without benefit of the above procedures any student whose continued presence in the school poses a danger to persons or property or poses a threat of disruption to the academic process. The necessary procedure shall follow as soon as practical.

If the suspension is to be ten days or less, the above procedures are considered sufficient. (*Goss vs. Lopez, 1975*). If the suspension is to be more than ten days, in addition to the above procedures, the steps below shall be followed.

1. A notice in writing of the suspension and the reason thereof shall be given to the parent of the student.
2. The student shall be provided with a copy of the Board's policy and administrative procedures on suspension and expulsion.
3. The student shall be provided with the names of individuals who have primary knowledge of the facts forming the basis for the suspension or expulsion. This will permit the student to present the case in a more meaningful manner.
4. The student shall be permitted to examine any document or record the school will use at the hearing.
5. The student shall be permitted to obtain legal counsel at his/her own expense.
6. The student and/or his/her counsel shall be permitted to cross-examine those who have primary knowledge of the facts presented at the hearing.

For procedural purpose, suspensions exceeding ten days and expulsions shall be treated the same. Unless an emergency arises, hearings shall precede the imposition of any long-term suspension or expulsion.

EXPULSION

I. General Provision and Statement of Policy

All persons concerned are hereby placed on notice that the disciplinary actions and procedures herein established and authorized are to be conducted in accordance with applicable statutes and in accordance with any memoranda, bulletins, or notices published and distributed by the superintendent and are subject, in particular, to the following controlling principles:

- A. Expulsion is defined as any denial of school attendance beyond nine consecutive days, which may be permanent or which may terminate at the beginning of the next school year, or may terminate year-to-date after expulsion.
- B. The power to expel a student is vested in the

Hancock County School Board of Trustees.

- C. The severity of punishment must vary directly with the gravity of the offense.
- D. The punishment for any particular student should be consistent with the punishment as in other cases involving similar or identical circumstances. Uniformity of decisions and disposition among the various principals of the school district should prevail to the extent reasonably possible.
- E. Discrimination based upon race, color, creed, sex, or arbitrariness in the administration of discipline is strictly prohibited. Any charge of such discrimination or arbitrariness advanced by student or parent shall be carefully examined under these regulations. Great care shall be taken to avoid any suggestions or implications that race, sex, or creed of the student will have any impact on the disciplinary measures ultimately taken.
- F. As a general rule, no student shall be expelled without clear proof that: The student poses a threat to the orderly operation of the school programs or activities or a danger to the physical well being of self, other students or faculty, or to school property; AND
- G. The parent of the student has been notified of the student's misconduct and the possibility of such expulsion and has been offered opportunities to confer with the principal or other relevant faculty members regarding the student's misconduct: OR,
- H. State law requires expulsion. (See Appendix C)
- I. **Any student who is recommended for expulsion or is expelled cannot attend any school district event, home or away.**

II. Expulsion Procedures

- A. Any principal who determines that a student has committed an infraction or infractions justifying expulsion shall send a letter recommending such expulsion to the superintendent or his designee. The letter of recommendation shall contain the student's disciplinary record, and the principal's recommendation. Concurrently, the principal shall mail a notice of recommendation for expulsion to the parent/guardian of the student.
- B. The assistant superintendent or other designee of the superintendent will serve as investigator, convener and administrative officer for the committee. He/she shall have no vote and shall prepare a summary of the hearing to include conclusions and recommendations of the committee. He/she shall present the cases to the Board requiring Board action. He/she shall transmit other letters or documents to proper persons following each hearing so as to bring each case to its proper conclusion.
- C. A Disciplinary Review Committee comprised of three district licensed administrators, excluding the principal of the student charged, shall have the duty to review the evidence advanced by the principal in support of his/her recommendation and to hear and review any rebuttal advanced by the student, parent

or guardian. Although proceedings will be conducted informally and formal rules of evidence shall not apply, the student and the parent or guardian shall have the right to:

1. Have counsel (at their own expense) present at the hearing.
 2. Offer statements by the student and parent or guardian and any other person who has information relevant to the charges advanced by the principal.
 3. Hold the Disciplinary Hearing in executive session.
- B. The findings and recommendations of the Disciplinary Review Committee will rest solely upon applicable school rules and law and only upon evidence admitted at the hearing. The Disciplinary Review Committee shall record all the facts considered before making a decision. If action of the Board of Trustees of the District is required, the decision and recommendations shall be rendered in writing (recorded) and presented at the next regular or recess meeting of the Board. The designee of the superintendent shall attempt to contact the parent(s) of the student and the principal of the school of the Committee's decision verbally within 24 hours. The decision of the Committee will be mailed within two working days of the decision being rendered or otherwise transmitted in writing by the superintendent or his designee to the student, parent and to the administering principal.
- C. Should the parent or guardian be dissatisfied with the findings and recommendations of the Disciplinary Review Committee, the parent or guardian may request in writing within five days of receipt of the written notice of such findings, a hearing before the Board of Trustees. The Board reserves the right to deny such hearing. If the Board rules in favor of the hearing, the parent will be notified of the date, time, and place of such hearing.
- D. Students who are expelled may apply for readmission at the beginning of the next school year, or until such time as the expulsion ends as required by law.

DISCIPLINE LADDER

The following procedure will be used in administering consequences for violation of school rules/regulations, depending on the attitude of the student and the nature of the offense.

In-School Intervention (ISI) consists of restricted campus access, a review of handbook policies, and the student's classroom assignments for the duration of placement. In-School Intervention (ISI) may be used at the administrators' discretion.

Students on Step 3 or higher will not be allowed to attend or participate in designated school activities. Students with a bus suspension within 30 school days of a designated school activity will not be allowed to attend.

A student may be recommended for placement in In-School Intervention, or other approved alternative placement, any time the administration feels the student's actions warrant such.

An incentive is provided for students to improve their behavior through provision of a probationary period that allows students to remove themselves from the discipline ladder by exhibiting good conduct.

| Step 1 | 1. In-School Intervention one day
2. Parent Contact
3. Removal from ladder at end of fifteen (15) school days |

Discipline notices are to be signed by a parent and returned to the teacher/administrator within two days after having been issued. If there is no parent response, the school will consider that the parent understands the action and consequence.

The school district expands the right to suspend, expel or change the placement of students for misconduct while not on school property or at activities other than school sponsored events and amends appraisal requirements.

- The local school board shall have authority to expel a student or to change the placement to an alternative school or a home-bound program for misconduct in the event, or for misconduct on property other than school property or other than at a school related event when such conduct, in the determination of the superintendent or principal, renders the student's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.
- A student may be referred to placement into the alternative school program of a school district if the student's presence in the classroom, in the determination of the superintendent or principal, is a disruption to the educational environment of the school or a detriment to the best interest and welfare of the students and teachers of such class as a whole.

SCHOOL SEARCHES

SEARCH OF DESKS AND LOCKERS

Desks and lockers are school property and remain at all times under the control of the school. However, students are responsible for whatever is contained in desks and lockers issued to them by the school. School officials may conduct periodic general inspections at any time for any reason related to school administration. Inspection of individual lockers or desks may occur when there is a reasonable basis to do so.

SEARCH OF STUDENTS

A student’s person and/or personal effects may be searched whenever a school official has reasonable suspicion to believe that the student is in possession of illegal or unauthorized materials. It will be an extremely rare situation that requires a more intrusive search of a student’s person than a pat down. Only if extreme emergency conditions exist, and only upon approval by the superintendent or his designee, shall a more intrusive search be conducted. If a more intrusive search is necessary, a school official will conduct it in private with an adult witness present. Metal detection devices may be used if necessary.

NOTICE OF POLICY - SEARCHES

Students will be provided notice of the School Search Policy by having the policy placed in the student handbook and distributed to all students. A copy of the policy will also be posted in the principal’s office or other prominent place in the school.

Any and all medication that must be administered to students during the school day must be kept in the nurse’s office. Student may visit the nurse with proper permission and pass from the classroom teacher. Students who abuse visits to the nurse will have a parental contact made and may be subject to discipline consequences. In the absence of the school clinic nurse, the principal or his designee may administer routine medication. **STUDENTS MUST HAVE A SIGNED CONSENT FORM IN THE CLINIC TO RECEIVE ANY TREATMENT OR MEDICATIONS.**

SUDDEN ILLNESS OR INJURY

A student who becomes suddenly ill or injured should notify the nearest teacher who will then notify the office/nurse and then send the student for medical attention.

School officials will handle minor illness or injury and the parent will be notified.

If the student is seriously ill or injured and cannot remain in school, school authorized personnel shall call the parent notifying him/her of the child’s condition. The parent or an approved designee will come to the school and check the student out. If the parent cannot be contacted and the student’s situation is severe, school officials will contact 911 and/or emergency medical personnel.

Students who abuse visits to the nurse will have parental contacts made.

INHALERS

The Board of Education shall grant authority to the superintendent or his/her designee to permit a student with an asthmatic condition to possess an inhaler for emergency treatment. The superintendent shall grant permission to students on an individual basis subject to the following conditions.

1. A written request from the parent requesting the student be granted permission to possess the inhaler must be on file in the principal’s office. No student other than the approved student will be allowed to use or possess the medication.
2. A medical physician must prescribe the inhaler and a written order from said physician indicating the necessity for the student to possess an inhaler at all times must be on file in the principal’s office and the nurse’s office.
3. The parent will be required to provide inhalers to be distributed as follows:

- A. Student
- B. Principal's office/Nurse's office
- C. Extracurricular activity instructor (where applicable)

MEDICATION

Reference MS Code 37-11-18. Emergency medication shall be administered to students with chronic conditions such as asthma, diabetes, and/or violent allergy reactions. Prescription medication shall be administered to students with hyperactivity, provided the policies and procedures listed below are followed at all times. **NO STUDENT WILL BE ALLOWED TO BRING MEDICINE TO OR FROM SCHOOL.** Parents may bring medication to school to leave with the school nurse. Medication must be in a properly labeled container with the student's name, medication dosage, and the time to be dispensed. The nurse can give medications labeled by a pharmacist if a parent consent form is on file in the clinic.

Procedure for administering medication:

1. The parent must submit a written request with written instructions from the physician.
2. All medication shall be kept in a locked storage area in the principal's/nurse's office.
3. A record shall be kept of all medication issued, including amount.

COMMUNICABLE DISEASES

Individuals having a contagious condition must present a clearance slip from the Health Department or a physician upon returning to the school. If the school nurse suspects a contagious condition in a student and informs the parents, parents must have the child checked by a physician. A note from the physician will be required for the student to return to school.

HEAD LICE (PEDICULOSIS)

If a student in any public elementary or secondary school has had head lice three consecutive occasions during one school year while attending school, or if the parent of the student has been notified by school officials that the student has had head lice on three consecutive occasions in one school year, as determined by the school nurse, public health nurse or a physician, the principal or administrator shall notify the county health department of the recurring problem of head lice with that student. **Parents will be contacted to pick up a child from school if head lice or nits are visible.** The school principal or administrator shall not allow the child to attend school until proof of treatment is obtained.

A child may return to school as soon as they have been properly treated and all eggs (nits) are removed. The child must be checked by the school nurse or a person designated by the principal before being permitted to ride the school bus or return to school. Proof of treatment must be provided to the school. A one day excused absence will be provided for treatment of head lice.

LIBRARY

All students are entitled to use the school library and to check out books. The library is open before school and throughout the school day. Students must have a hall pass signed by their teacher to be admitted into the library during a class period. Students will be asked to return to their class at any sign of disturbance and will not be permitted to use the library for one week. Students must observe all rules posted in the library.

GENERAL POLICIES

FIELD TRIPS

Teachers and students may plan field trips as an individual class activity, a grade level activity, and/or an organization enrichment project. Field trips are a supplement to the curriculum and should be planned and attended with the objective of culminating a unit of study. However, field trips are a privilege afforded those students who have demonstrated good conduct and respect for authority. For those students habitually referred to the office for misbehavior, a parent may be required to accompany the student in order for the student to attend a field trip. In some instances, the principal or his/her designee may exclude a student from attending a field trip based on student behavior and attitude (i.e. suspension during the current semester); based on attendance (i.e. absences beyond the 4-6-12 allowed for quarter, semester, and year-long classes); and/or based on academic performance (i.e. failure to turn in class assignments and/or make-up work).

Students, teachers, and chaperones must follow school dress code rules when attending a field trip, unless permission has been obtained from the principal prior to the trip to alter dress code policy. Any changes should be specifically stated on the notice/permission form to be signed by the student and parent prior to the date of the trip. Any visitor attending a field trip must have prior approval from the principal.

“Take Our Daughters to Work Day” – “Take Our Sons to Work Day”

The Hancock County Board of Education recognizes the educational benefits for parents and children to participate in the nationally recognized “Take Our Daughters to Work Day” and Take Our Sons to Work Day.” The nationally scheduled days are Daughter’s Day scheduled the fourth (4th) Thursday in April and Son’s Day scheduled the first (1st) Thursday in May. The Board of Education reserves the right to designate alternate days of observance based on state-wide testing or other district conflicts. Students who wish to take advantage of the educational opportunity will be given an excused absence in accordance with MS Code 37-13-91 (4) (h). The absence must be approved by an administrator, in writing, prior to the date.

ELECTRONIC EQUIPMENT/PLAY GADGETS

Students should bring only school-related items to school.

Students are not allowed to bring radios, tape/CD players, cameras, laser devices, electronic games, or play gadgets to school. Included in this list are all types of trading cards, tapes, CD’s, beepers, game pieces, fingerboards etc. Students who fail to comply will have their items confiscated. For the first offense, the item may be picked up by the parent and the student warned. For the second offense, the item will be kept for one week prior to parent pick up. For the third offense, the item will be kept for two weeks and a week added for each additional offense. The parent must obtain the confiscated items from the school. The school, administrators, faculty, and staff are not responsible for lost, stolen or confiscated items. All students should be aware that the theft of these items is a major problem at all schools.

COMPUTERS

Students are not permitted unauthorized and/or unsupervised access to any computer internet services.

LOST AND FOUND ARTICLES

Any student who loses an article of value should notify the office immediately. Items found at school should be taken to the office. Students should not bring expensive personal items to school. These become targets for theft. The wearing of expensive jewelry, jackets, and shoes is strongly discouraged. Students should mark all personal items including bookbags, notebooks, clothing, etc.

TELEPHONE

A telephone is provided in the main office for student use. Students are allowed to use the school telephone after obtaining permission to do so. Students will be called to the telephone to accept a call only in an emergency and when the caller has properly identified himself and explained the nature of the call. The school telephone is for business only. No other telephones may be used by students on campus.

CELLULAR PHONES

Students are not allowed to use cell phones on school campus during school hours. Cell phones must be kept out of sight and in the "powered off" position. If there is use, suspicion of use, or if the cell phone is in plain view, it will be confiscated. A student who refuses to give a cell phone to a faculty member will be referred for disciplinary action. A confiscated cell phone must be picked up by the student's parent. The school, administrators, faculty, and staff are not responsible for lost, stolen or confiscated items.

First offense – cell phone held in office for one week; parent pick-up required

Second Offense – cell phone held in office for two weeks; parent pick-up required.

Third offense – cell phone held in office for one month; parent pick-up required.

Fourth offense – cell phone held for the remainder of the school year; parent pick-up required.

The Mississippi Public Schools Accountability Standards, 2006, prohibit the possession and/or use of any electronic communication device, including cell phones and personal digital assistance devices, by students during the administration of scheduled statewide tests. Student possession of any such device, even if it is not being used, is a violation of state policy. The consequence of this testing violation is invalidation of the student's test; therefore, the student's score will be automatically non-passing. In addition to receiving a non-passing score, the student will be referred to the school administrator for disciplinary action.

FUND RAISERS

Private fundraisers or fundraisers for other schools are not permitted. Requests for fundraisers must be submitted by the organization's sponsor in writing to the principal for Superintendent/School Board approval. After approval, the sponsor is the only person permitted to place orders for items sold. Items that are purchased through school-approved fundraisers automatically become property of the school.

SNACKS

No eating or drinking will be allowed in any area other than the

cafeteria/commons area unless approved by an administrator. No glass containers may be brought on campus.

BEVERAGE CONTAINERS

Beverage containers will only be allowed during the lunch period or at other designated times at the discretion of the administrator. Beverage containers must remain in the student's lunchbag or bookbag.

PARTIES

All school parties must be pre-approved by the principal.

ACTIVITIES

Activities are occasionally scheduled during and after the school day that are intended to enhance a sense of school community, to showcase student talent and to provide entertainment. Attendance at these activities is a privilege. Students may be denied attendance based upon behavior, attendance, and/or work ethic (i.e. repeated office referrals; absences beyond the 4-6-12 allowed for quarter, semester, and year-long classes; and/or repeated failure to complete assignments).

DELIVERIES

Deliveries of flowers, balloons, and/or food items to the school for individual students are not permitted.

VISITORS

All visitors must have approval from the principal to visit the school. Visitors must enter through the Administration Building and receive a "visitor's pass" before entering any other building.

Adults: Adult visitors are certainly welcome in the school since visitation usually expresses wholesome interest in the school's efforts to maintain a quality program. Intended visits should be cleared in the principal's office so that proper guides may be available. Because spontaneous visits often disrupt the routine activities of the school day, visitors are requested to schedule their visits.

Students: Students from other schools are generally ineligible to visit the campus. Such students are often unexcused from the school in which they are enrolled and do not have a legitimate purpose for visiting the school. Students who may be out of school because of a difference in the schedule of holidays are not authorized to visit the school.

No student is to socialize with any person who is not a student or an employee in the Hancock County School District while on campus unless permission is granted by the principal. To "socialize" means to talk to, to get in the car with, or to accept food items from.

BULLETIN BOARDS/WALLS

Nothing is to be placed on bulletin boards or walls without permission from the principal. No signs should be placed on any windows or doors.

VIDEOS

Students are not permitted to bring videos to school without permission from the principal.

DISTRIBUTION OF UNAUTHORIZED MATERIALS

Unauthorized materials shall not be distributed to students and/or staff members.

TEACHERS' LOUNGES/WORKROOMS Students are not allowed in the teachers' lounges/workrooms before, during, or after school.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

Schools within the Hancock County School District receive requests each year for release of class rosters. The Family Educational Rights and Privacy Act of 1974 defines "directory information" relating to a student as including the following: the student's name, address, telephone number, date and place of birth, major field of study, participation in activities, degrees and awards received, and the most recent previous educational institutions attended by the student. Objections by parents or students to this "directory information" being released may be voiced within fourteen days from the date of this release in the office of the principal.

If a student enrolls in another school system, his/her cumulative record will be sent to the school upon request. Parental consent is no longer required according to the Federal Register, Volume 41, Number 118, Section 99.34 (a) (1)(11).

EMERGENCY PROCEDURES

DRILLS

Fire and severe weather drills are required. Emergency procedures for these conditions shall be posted in each room. Students should move orderly and quickly when leaving the classrooms/buildings and should remain attentive to the directions of the supervising teachers. Student cooperation is mandatory during all drills and actual emergencies.

EMERGENCY CLOSING OF SCHOOLS

The superintendent is authorized to announce the closing of schools if prevailing or potential hazards threaten the safety and well being of pupils and employees. The superintendent shall make the decision to close schools after conferring, when administratively feasible, with the president of the school board and other community agencies responsible for the safety and well being of the community. The superintendent or his/her designee shall approve public announcements and releases to news media.

The superintendent of schools is hereby authorized and may close any school because of an epidemic prevailing in the school district or because of the death, resignation, sickness, or dismissal of a teacher or teachers or because of any other emergency necessitating the closing of the school. However, all such schools closed shall operate for the required full time after being reopened during the scholastic year 37-13-65 (1987)

It is understood that the superintendent will take such action only after consultation with transportation and weather authorities. Parents, students, and staff members shall be informed early in each school year how they shall be notified in the event of emergency closings or early dismissals.

EXTREME WEATHER CONDITIONS

The Mississippi Gulf Coast is noted for severe, unpredictable weather conditions. If a severe weather warning, such as a tornado warning, is issued by the United States Weather Bureau, local civil defense officials will notify the superintendent of schools and each principal. Children will be retained in tornado drill until it is deemed safe to dismiss them, unless they are picked up by their parents. Pupils will not be allowed to use the telephone during severe weather warnings

except in cases of emergency. Parents and their children should have an arrangement worked out in advance with regard to transportation during extreme weather conditions.

TEXTBOOKS

Hancock County School District provides textbooks free of charge to students. It is the duty of each student to care for these textbooks to the best of his/her ability. Students who lose or damage textbooks are required by State Law to pay for them. Students should take pride in the upkeep of their textbooks. Teachers are instructed to assess fines for amounts up to the current value of a book when it is obvious that the student has damaged or defaced it.

LOST BOOKS

If at any time during the school session a student loses a book, he/she shall be charged the replacement cost.

HANCOCK COUNTY SCHOOL DISTRICT ACCEPTABLE USE COMPUTER POLICY

The Internet is an electronic highway connecting thousands of computers all over the world and millions of individual subscribers. On-line resources can be used to educate, to inform, to communicate, and to entertain. As a learning resource, it is similar to books magazines, CD-ROM, and other information sources. With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting. **The most important prerequisite to receive Internet and computer access is to take responsibility for one's own actions.**

The Hancock County School District has taken available precautions, which are limited, to restrict access to controversial materials. A staff member will supervise while students are using the school's Internet resources. However, on a global network it is impossible to control all materials and an industrious user may discover controversial information. We firmly believe that the valuable information and interaction available on this worldwide network far outweighs the possibilities that users may procure material that is not consistent with the educational goals of this school district. The Hancock County School District will use such available tools as "firewalls" and tracking software in an effort to keep inappropriate material from being obtained on the Internet.

Internet access is coordinated through a complex association of government agencies, and regional and state networks. In addition, the smooth operation of the network relies upon the proper conduct of the end users who must adhere to strict

guidelines. These guidelines require efficient, ethical, and legal utilization of the network resources. The Hancock County School District will be in compliance with the Children's Internet Protection Act by the following terms and conditions. If Hancock student or staff users violate any of these provisions, immediate access with the school district will be terminated, future access may be denied, and disciplinary action will result.
