

Institution	Response
Beach Elementary School	something that it is not. I wish people would look at our true data and realize we simply work HARD to meet student needs.
Beach Elementary School	All of the CA testing
Beach Elementary School	I have nothing I don't like about our school.
Eastlawn Elementary School	There is nothing I do not like about my school.
Eastlawn Elementary School	Teaching the "test" has priority over teaching the children. I believe it has been forced upon our teachers from forces beyond their control.
Eastlawn Elementary School	Slow, old computers
Eastlawn Elementary School	I do not agree with flex grouping, especially for the emergent class.
Eastlawn Elementary School	The physical appearance and function of the building and school grounds. They need to be improved and updated.
Eastlawn Elementary School	After school tutoring mandated
Eastlawn Elementary School	The front and side drop off/pick up areas. Too congested without a constant flow due to the main road especially on rainy days because of the lack of weather protected (awning) areas.
Eastlawn Elementary School	Parent involvement
Eastlawn Elementary School	Need more training for assistants on new books that are being used.
Eastlawn Elementary School	volume of paperwork
Eastlawn Elementary School	Breakfast on the go
Eastlawn Elementary School	Nothing in particular.
Eastlawn Elementary School	The interior walls inside the classrooms.
Eastlawn Elementary School	✓ Our school has positive goals that are directly related to improving our students' success in all areas. The school has a positive learning environment, however, student behavior is an existing problem. Programs to encourage better parenting in our community would help address this issue throughout the district.
Eastlawn Elementary School	✓ The rules are different for everyone.
Eastlawn Elementary School	What I like least about our school is the micro-management of lesson plans and classrooms, and that all employees are not treated equally by the principal.
Eastlawn Elementary School	What I like least mostly stems from our district mandates of which we have no control over. Yes, we've voiced our opinions but it doesn't seem to go too far...in reference to two of the survey questions: With the curriculum used in our classrooms, we can modify it slightly to adjust for our students but the district keeps us on a tight timeline with the curriculum that it does not allow time for teachers to slow the pace down if needed to make sure the content is truly learned and understood. We have to continue on to the next topic whether the students understand it or not. This is not helping our students! Secondly, we certainly have high academic standards for our students, but what does it say when the district lowers the standards by changing the grading scale to lower the requirements for an A? Students will rise to the expectations you set before them and we just lowered our expectations. So what do you think is going to happen?
Eastlawn Elementary School	not sure

Institution	Response
Eastlawn Elementary School	Dismissal and I am not sure how to make it better. It is better and faster than in the past but I feel that it can always improve.
	When you get down to it, I guess it is really and truly hard to see who is an "A+ Teacher". I will have to say that a flag outside a door does not make a person one. I know there is a process and perhaps that is the best that can be done, but when students are out in the hallway for more than an hour a day doing "nothing" and the highest isn't expected of any student because of behavior or because the teacher is working on her "A+" paperwork or because she is too emotional about whatever problem that has consumed her this week, and she isn't able to "teach, then I don't consider that A+. I think that a teacher like this needs help in the nicest way, but then I guess it would look a lil strange to be trying to help someone who is supposed to be an A+ teacher. I love my school, it's students and it's teachers. I am told it is "not my job to worry about who will teach my students next year" and yet how can I NOT? None of us are perfect, but I think we need to be very careful about who we are giving A+ flags to. I don't want to be on the "hit list" for trying to wrong a right. I just hope that in the future that the process is looked at more closely for the sake of the students, PLEASE DO check behind the people who have a flag. I also think that it kind of seems that once you get on the list as someone who is causing trouble or not doing their job, then you are almost harrassed. Fortunately, I am not one of those people and I do not wish to become one, however I do see others who are being mistreated based on the word of one other person? That really is not a fair process. I want Pascagoula Schools and my school to be the best it can be, ALWAYS, but I do fear that this type of incident is going to cause some trouble down the road that will not be good for our school system. It is already a problem.
Eastlawn Elementary School	
	lots of paper work for teacher
Eastlawn Elementary School	Sometimes I feel we try to implement to many new things at one time. I love new things, but not too many at one time.
Eastlawn Elementary School	none
Eastlawn Elementary School	This year we have had many things interrupt instruction. This includes assemblies, programs, etc. We also have a lot of after school meetings which make planning and being prepared very difficult.
Eastlawn Elementary School	I dislike that the other programs for students to use in the tier process are not what we are studying and that time is taken away from their learning in the classroom to do the worksheets! I dislike Art Skills!
Eastlawn Elementary School	All staff is not treated the same; some have privileges that all staff doesn't have.
Eastlawn Elementary School	Some teachers are allowed to not use school time in the best interest of the students.
Eastlawn Elementary School	There is nothing that I don't like about our school.
Central Elementary School	Only having one counselor on duty if there was a major crisis.
Central Elementary School	not enough students involved in the vo-tech, provide more opportunities for advanced students, set the school calender with families in mind.
Central Elementary School	N/A
Central Elementary School	Parent-invoiemnt . They seem to care more about their kids social life than acdemics.
Central Elementary School	Teachers try to involve parents, but parents do not seem to want to participate.
Central Elementary School	The poor involvement of parents.
Central Elementary School	old building

Institution	Response
Central Elementary School	I hate the factor that our school is so outdated, their is no heat and air in the hallways and the classrooms are hot in the summer and cold in the winter they need new windows bad and heat and air in the hallways.
Central Elementary School	Holes in walls open to outside elements...weather,animals,pestWindows are old so cold weather blows through them and in the summer it is hot. AC escapes through cracks and holes
Central Elementary School	n/a
Central Elementary School	The building is old and in need of paint and updates. Our school does not look like it is in quality.
Central Elementary School	That not all of the bathrooms have been upgraded recently.
Central Elementary School	That there is not enough communication between the lead teachers and assistant teachers.
Central Elementary School	Teachers who lack the passion to teach.
Central Elementary School	The appearance. Out of date windows pull in a lot of draft and it gets cold in the winter time and the hallways are extremely cold. The drabe appearance of our lobby. The only thing colorful are the bullentin boards that the teachers do.
Central Elementary School	I would like to see more communication and unity between the teachers at our school. Per grade level, the teachers are great at communicating, but I feel the every teacher and staff member working together as a whole would help increase the success of our students.
Central Elementary School	I can' t name one at this particularly time; so far so good.
Central Elementary School	The way it looks, old and worn out.
Central Elementary School	none
Central Elementary School	The way the front entrance looks does not project the great things that are happening inside.
Central Elementary School	We are not a school family, our staff needs to be more closer.
Central Elementary School	Not answering.
Central Elementary School	We are not a cohesive staff.
Central Elementary School	All the paperwork.
Central Elementary School	FacilitiesLack of Excitement in Some Teachers
Central Elementary School	computers are out dated.
Central Elementary School	I would like to have more parental involvement.
Central Elementary School	Newer computers in the lower grades would be helpful. As with most educators, we have equipment that needs to be replaced.
Central Elementary School	N/A
Jackson Elementary School	Parental involvement is minimal
Jackson Elementary School	Working- consistantly- computers.
Jackson Elementary School	I think our school is not considered a "star school" in the district, but we are.
Jackson Elementary School	The way it is ran half of the time.. unprofessional

Institution	Response
Jackson Elementary School	The small amount of books in the library.
Jackson Elementary School	Not enough tutor time.
Jackson Elementary School	there are some inconsistencies
Jackson Elementary School	Several old computers
Jackson Elementary School	There are open sidewalks between the buildings and no walls, especially during rainy and cold weather.
Jackson Elementary School	Wish we had more parental support
Jackson Elementary School	Ability to collaborate with teachers about issues
Jackson Elementary School	Going outside to other buildings
Jackson Elementary School	We could use a better playground.
Jackson Elementary School	What I like least is I feel there should be more involvement or versatility with the Hispanic community. Maybe offer services to new as well as current students to better merge in our school
Jackson Elementary School	The outside grounds and the lack of a sufficient playground facility.
Jackson Elementary School	No suggestions at this time.
Jackson Elementary School	?
Jackson Elementary School	Stop focusing on so much homework and focus more on classroom work.
Jackson Elementary School	our playground
Jackson Elementary School	Nothing!
Jackson Elementary School	Communication between teachers and administration could be better.
Jackson Elementary School	I do not like that people automatically assume our students will be at the "bottom". Our children are just as amazing, wonderful and capable as ANYONE else's. They CAN do! We have worked very hard this year. I hope to prove the naysayers wrong again this year! (I say that as positively as possible.) WE CAN DO IT! OUR KIDS ARE PHENOMENAL. They overcome against outstanding odds.
Jackson Elementary School	The school is great! Too much testing though.
Jackson Elementary School	I have no "least likes" at this time.
Jackson Elementary School	paperwork
Jackson Elementary School	I dislike that students are only able to go to physical education class once a week.
Jackson Elementary School	NONE
Jackson Elementary School	Communication needs to be better between principal and teachers. Emails are not sent or meetings are announced at last minute.
Jackson Elementary School	If there is a problem concerning a staff member, every is warned of this problem or situation.
Jackson Elementary School	Physical layout: must travel outside to go anywhere, drainage problems when it rains.
Jackson Elementary School	I think the teachers can be even more supportive of each other during the school year because I don't think we support each other enough.

Institution	Response
Jackson Elementary School	Communication issues.
Jackson Elementary School	OUR PLAYGROUND
Jackson Elementary School	The open campus "pods". This provides too much separation between the grades and when the weather is incimate, it is always a problem.
Jackson County School for Exceptional Children	lunch menu
Jackson County School for Exceptional Children	No comment.
Jackson County School for Exceptional Children	favoritism
Jackson County School for Exceptional Children	favoritism
Jackson County School for Exceptional Children	A/C
Jackson County School for Exceptional Children	We have an awesome cafeteria manager, but her supervisor will not let her serve the types of food that our students can eat or like.
Jackson County School for Exceptional Children	LUNCH MENU.
Jackson County School for Exceptional Children	Lack of professionalism by too many staff members (teachers and assistants)
Jackson County School for Exceptional Children	breakfast & lunch menu
Cherokee Elementary School	Moral is low at times.
Cherokee Elementary School	lack of parenetal support
Cherokee Elementary School	Not enough parking
Cherokee Elementary School	Transient population
Cherokee Elementary School	Not enough parent accountability.
Cherokee Elementary School	✓Lack of consistency with student behavior issues as well as consistency dealing with personnel issues. Everyone should be held to the same standards-students and teachers.
Cherokee Elementary School	I still feel like an outsider. I will have worked here one year, and I feel like sometimes we need more continuity.
Cherokee Elementary School	???
Cherokee Elementary School	Sometimes I feel overwhelmed with things that I do not feel are helping me to be a better teacher to my students and helping me to meet their needs.
Cherokee Elementary School	School lunches :)
Cherokee Elementary School	Not enough assistants in the younger grades.
Cherokee Elementary School	No full-time assistants in Kindergarten.
Cherokee Elementary School	Too many kids move in and out of our school. Sometimes it is like starting over each time.
Cherokee Elementary School	The need for a teacher planning time to implement plans.(special day)
Cherokee Elementary School	I think that there is too much gossiping that goes ori.
Cherokee Elementary School	I think that teachers should feel like they are doing a good job...they need to be praised more often. It seems

Institution	Response
Cherokee Elementary School	that everyone is burnt out. Just when you feel you have accomplished one thing, you get hit with the book about something else.
Cherokee Elementary School	x
Cherokee Elementary School	That Kindergarten does not have full time assistants.
Cherokee Elementary School	Not enough time for teachers to plan together as a grade level on subjects like science and social studies. Every minute of every day is doing something.
Cherokee Elementary School	???
Cherokee Elementary School	not having enough time to do my work in the library.
Cherokee Elementary School	Mandatory after school tutoring.
Cherokee Elementary School	Don't Know
Cherokee Elementary School	✓ Not all children are treated equal.
Cherokee Elementary School	not getting my work done
Cherokee Elementary School	Kindergarten does not have full time assistants
Cherokee Elementary School	Teachers have too much paperwork.
Cherokee Elementary School	I think we do too much "teaching to the test".
Martin Bluff Elementary School	As a music teacher, we have the only school in the district with out a performance stage.
Martin Bluff Elementary School	Flex Grouping
Martin Bluff Elementary School	Not enough room for students and staff.
Martin Bluff Elementary School	I would like to see more culture in our school. The arts in many aspects- Music, Art Appreciation and etc.
Martin Bluff Elementary School	We need more classrooms and storage
Martin Bluff Elementary School	That the projectors are not mounted on the ceiling
Martin Bluff Elementary School	We need more staff to handle TST and remediation/enrichment for our students. Our teachers and assistant teachers are spread very thin.
Martin Bluff Elementary School	lack of communication
Martin Bluff Elementary School	the way TST is done; and not enough assistants for each grade
Martin Bluff Elementary School	Sometimes the extra work can be and over load.
Martin Bluff Elementary School	nothing
Martin Bluff Elementary School	upkeep
Martin Bluff Elementary School	N/A
Martin Bluff Elementary School	I feel we could use additional support staff.
Martin Bluff Elementary School	IDK
Martin Bluff Elementary School	nothing

Institution	Response
Martin Bluff Elementary School	Our facility needs to be sprayed professionally for bugs.
Martin Bluff Elementary School	None
Martin Bluff Elementary School	There is not a full time nurse at the school.
Martin Bluff Elementary School	Inconsistent and inadequate technology compared to other schools. Too many different types of technology make it difficult to collaborate with effectively with peers.
Martin Bluff Elementary School	The stress the children feel during state wide testing.
Martin Bluff Elementary School	my custodian's work
Martin Bluff Elementary School	Not enough classrooms
Martin Bluff Elementary School	?
Martin Bluff Elementary School	There are a number of parents who don't seem to be able to take care of the physical needs of their children.
Martin Bluff Elementary School	<p>The lack of space is a huge problem. We have not been met with as a staff to see what our physical needs are concerning the add ons coming to MBE due to the 5th-6th grade academy. Nobody has assessed what is truly needed at MBE. Our cafeteria is already too small. Adding more classrooms and students into a cafe that is already too small cannot be fixed by adding a few more tables. There is no room to add tables. The cafeteria needs to be gutted, made into an auditorium and a new, proper sized cafeteria needs to be built. The district already underbuilt MBE two times and are about to do it a third. PLEASE talk with the staff and the principal to see what needs we have at MBE. We also need general upkeep at our school. We are no longer the "new" school and need to stop being overlooked.</p>
Martin Bluff Elementary School	Our school safety is not at the level that it should be for teachers and students.
Martin Bluff Elementary School	paperwork
Martin Bluff Elementary School	I wish the school was painted and had cleaner bathrooms.
Martin Bluff Elementary School	lack of space / school needs to be enlarged
Martin Bluff Elementary School	need more recreational equipment outdoors for children
Martin Bluff Elementary School	That there are sometime people think that they have more authority than they really do.
Martin Bluff Elementary School	Flexible academic grouping
Martin Bluff Elementary School	Wish we had more playground equipment. A larger cafeteria, the small space seems unsafe if a fire ever broke out during lunch time evacuation would take to long. The lunch schedule and amount of space is stretched to the max to accommodate the amount of students we have.
Martin Bluff Elementary School	Not enough assistant teachers
Martin Bluff Elementary School	not enough parental involvement & volunteering
Martin Bluff Elementary School	That we sometimes fail to meet the needs of students because of factors that are beyond our control.
Martin Bluff Elementary School	nothing
Martin Bluff Elementary School	Lack of storage space, no good area for assemblies, too few restrooms for students and staff
Martin Bluff Elementary School	Children that do not want to learn

Institution	Response
College Park Elementary School	The school moral is low some times, because leadership is not always fair and respectful to all staff.
College Park Elementary School	There is nothing I do not like.
College Park Elementary School	✓ Not all children are disciplined equally.
College Park Elementary School	✓ lack of consistency in discipline among students, being spoken to like a child, in front of students, faculty and staff
College Park Elementary School	The lack of participation from the parents, it is always a few parents that works so hard all year long.
College Park Elementary School	Computers in the classroom
College Park Elementary School	✓ How discipline is not consistent for each child.
College Park Elementary School	✓ Inconsistent discipline
College Park Elementary School	I feel that there are not enough parents taking an active role in their child's education. Many parents are involved, but there are others that ignore all requests for involvement.
College Park Elementary School	✓ Students not being held accountable
College Park Elementary School	✓ I don't get enough support with problem children. Too much of my teaching time is spent on discipline.
College Park Elementary School	✓ Discipline is often not appropriate
College Park Elementary School	Honestly, the noise in the cafeteria and the noise in the halls during afternoon dismissal are my only real complaint.
College Park Elementary School	✓ Discipline is not always consistent and fair.
College Park Elementary School	✓ Discipline is a major issue. Accountability for actions doesn't seem to be a priority. If the students don't get into trouble at home for poor behavior at school, why are they going to behave at school? We need a punishment system that encourages good behavior. Taking recess time does not seem to do the job!!
College Park Elementary School	There is not enough time allotted for collaboration among teachers (i.e. across grade levels, resource teachers, etc.)
College Park Elementary School	I don't have anything negative to say about our school.
College Park Elementary School	The attitudes of the teachers versus the assistants. Some of them treat the assistants like they are peons and incapable of doing anything besides file papers and decorate bulletin boards. Our principal is very cold, and has no people skills. People do not want to work with her anymore. You never know what kind of mood she is in and people avoid her on purpose. Teachers are sometimes in tears before 7:30 in the morning because of a negative comment. You cannot effectively run a classroom when you've been essentially torn down before the day starts. I understand that we are all adults and should shake it off and keep going, but, it does get to you mentally. Teachers here play "tit for tat" with each other. They will take a day off just because the assistant missed a day, or vice versa, and not much of anything is said about it but, then on the other hand, you have teachers and assistants who are out for legitimate reasons and get scolded for it. We have assistants who will never help out the others on their team when the teacher is out and there is no sub.
College Park Elementary School	Discipline is better handled by the lead teacher than the principal. The priorities are in the wrong place as far as what gets more attention. Some teachers do not stick to the curriculum and teach how they want to.
College Park Elementary School	outdated computers
College Park Elementary School	I like least the fact that teachers are required to teach specific topics on specific days. We should have the

Institution	Response
College Park Elementary School	option to change up the pacing guide and calendar to what best suits our particular students.
College Park Elementary School	Staff comaraderie sometimes works against the mission of whole body student success.
College Park Elementary School	The inconsistency of leadership. If you voice you opinion about it though, you either get demoted or called out, or treated horribly.
College Park Elementary School	Not all children are disciplined the same way.
College Park Elementary School	The lack of access to technology within a system which continually requires it.
College Park Elementary School	nothing
College Park Elementary School	✓ Discipline
College Park Elementary School	N/A
Arlington Elementary School	✓ Disrespectful students
Arlington Elementary School	✓ I wish there were more services to support students with behavior and academic problems. We need full time assitants back in order to meet the needs of our students.
Arlington Elementary School	Not enough parental support with homework ,or looking at and signing papers.
Arlington Elementary School	nothing
Arlington Elementary School	I like the flexible grouping outside of my class the least.
Arlington Elementary School	N/A
Arlington Elementary School	The lack of parental involvement at Arlington. As a school, we are working to gain more parents each year.
Arlington Elementary School	Levelized Reading Groups
Arlington Elementary School	✓ The behavior of the students
Arlington Elementary School	Not as clean as it should be.
Arlington Elementary School	I like everything about Arlington Elem. School.
Arlington Elementary School	TAMIS.
Arlington Elementary School	✓ I don't like some of the double standards that I notice. I feel like there should be one set of rules for everyone to abide by.
Arlington Elementary School	It is difficult to get parents involved.
Arlington Elementary School	would like more technology resources
Arlington Elementary School	Nothing
Arlington Elementary School	The only thing I don't like about the school is the fact that my classroom tends to get dusty no matter how many times I or the custodians dust it. It's a superficial issue, but it's the only thing I don't like.
Arlington Elementary School	✓ Behavior of the students.
Arlington Elementary School	Would like to see more parent involvement
Arlington Elementary School	The lack of parental involvement.

Institution	Response
Arlington Elementary School	certain procedures
Arlington Elementary School	✓ The lack of respect some of the students have for the teachers, others students and themself.
Arlington Elementary School	Can't think of anything:)
Arlington Elementary School	Computers are a little old and slow.
Arlington Elementary School	✓ Student negative behavior
Arlington Elementary School	N/A
Arlington Elementary School	Do not have a strong PTSTO
Arlington Elementary School	Levelized classes
Arlington Elementary School	K-2 students changing classes- It is impossible to really build community in my classroom with the younger students' when they're coming and going.
Arlington Elementary School	parental involvement
Pascagoula High School	Useless Paper Work
Pascagoula High School	Lack of funds
Pascagoula High School	N/A
Pascagoula High School	Teachers are treated like the enemy. Students are not being held accountable for their own education, instead, blame is placed on teachers. I would like to be treated more like a trusted professional. I feel like everything I do is being scrutinized.
Pascagoula High School	What I like least is that we teach to the test instead of to the individual and have taken away what makes truly great teachers great!
Pascagoula High School	Low riding and untucked shirts are at an all time high while student grades are at an all time low.
Pascagoula High School	none
Pascagoula High School	I have not complaints. I love my school.
Pascagoula High School	n/a
Pascagoula High School	The back stabbing, the drama, the gossip, the lack of respect from the top down.
Pascagoula High School	Some of the micromanaging of time imposed on experienced teachers
Pascagoula High School	Wish we would start earlier
Pascagoula High School	Nothing. I LOVE IT HERE!!!!
Pascagoula High School	✓ Inconsistency with enforcement of rules
Pascagoula High School	NA
Pascagoula High School	I feel like the district assessments are made by people who do not teach. They are so hard that the majority of students have no hope of passing them. These students are missing basics from elementary school. I think too many students are passed in lower grades without learning what they need to survive in high school.

Institution	Response
Pascagoula High School	TAMIS for salaried employees
Pascagoula High School	✓ The politics that, at times, hurt students and limit opportunities for our young people.
Pascagoula High School	The doors between the Vocational and the Freshman Academy are not monitored are guarded enough. Anything could happen there.
Pascagoula High School	✓ The lowering of academic standards the last few years. Students are not held accountable for grades or behavior.
Pascagoula High School	I want all meeting to have a clear goal or objective. I want to be treated as a professional at all times. I would like equal accolades for successes in all areas and not so much focus placed on sports.
Pascagoula High School	Teacher moral is a major issue.
Pascagoula High School	The lack of student accountability for academic performance.
Pascagoula High School	N/A
Pascagoula High School	I don't think the people over our school gives proper credit to our administrator or teachers for the great work they do.
Pascagoula High School	Some of the dress code rules!! like no tennis shoes or jackets in building when it is cold
Pascagoula High School	the principal
Pascagoula High School	Our school is far too cliquish. There is a great deal of unprofessional behavior when people who are in different groups don't get along. Rather than try to work things out on a personal level, they engage in gossip or go to administration as their first lines of attack. Our school encourages technological innovation, however, our district does not. I have always been fully supported by the school administration when implementing new technology. It is generally at the central office that new ideas are shot down. Most of the time there is no reason given, and if a reason is given, teachers are never given a chance to explain their ideas or defend what they want to accomplish. We have a very creative staff, but they are only allowed to be creative in the "approved" channels.
Pascagoula High School	The fact that a new "HEAD" custodian was brought in who does LITTLE of her own work. She has her kids up here in the afternoons/weekends/holidays doing HER work as she sits down & directs them. Another GOOD custodian was let go, the "head" custodian took over the fired girls area & does LITTLE if anything to it daily. Restrooms are not cleaned regularly, teacher rooms are only cleaned once a week. The other custodians have even come to me telling me that the "head" custodian has TOLD THEM they were to do things that are actually HER job!
Pascagoula High School	The amount of testing that the students are required to take
Pascagoula High School	Hours of operation.
Pascagoula High School	The parking lot, because it has draining issues.
Pascagoula High School	Currently there is not a culture of team work or winning in academics.
Pascagoula High School	Lack of diversity in staff and faculty
Pascagoula High School	Twice monthly Monday after school meetings.
Pascagoula High School	The school climate has become very punitive towards staff and teachers while becoming lenient towards the

Institution	Response
Pascagoula High School	students.
Pascagoula High School	the super-human expectations placed on the teachers while the expectations of students are seriously lacking
Pascagoula High School	✓ Rules are not always enforced like they should be. Especially dress code.
Pascagoula High School	Too many students in hall. Too many students out of class.
Pascagoula High School	Having faculty meetings that do not serve a purpose. Faculty meetings should be to address topics that cannot be addressed over email. Technology that is pieced together. Projectors should be hung so they do not have to be recalibrated after every class change.
Pascagoula High School	There is not enough working together amongst teachers.
Pascagoula High School	The gossip among the classified personnel.
Pascagoula High School	Teachers have high expectations, but too much responsibility for students' good grades rely upon the teachers and not enough on the students. We are told to remove the "F" from the grade book, but that cannot happen if the student/parent will not assume responsibility for their actions or lack thereof. There are lots of platitudes and lofty ideals about what needs to be done, but in terms of real applicable goals both short term and long term, there is little direction. This leads to confusion since teachers are not sure when they are doing what is expected.
Pascagoula High School	✓ Administrators do not hold students accountable in regard to rules, attendance, and academics. Frequently, the standards are lowered so that behavior, attendance, and academic issues appear to "go away".
Pascagoula High School	I wish my department met regularly. We've had only two meetings this year.
Pascagoula High School	The thing I like least about PHS is the fact that there are teachers who blatantly do not do their jobs, yet still have a job. Also, I hate when rules are given to teachers to follow and they deliberately disregard them. I also dislike the scheduling process. If colleges can get thousands of students to schedule their classes correctly online, why are we having such difficulty scheduling 1000 students?
Pascagoula High School	lunch
Pascagoula High School	✓ Administrators do not hold students accountable in regard to rules, attendance, and academics. Frequently, the standards are lowered so that behavior, attendance, and academic issues appear to "go away".
Pascagoula High School	the inconsistency
Pascagoula High School	n/a
Pascagoula High School	✓ The lack of consistency.
Pascagoula High School	lack of variation in electives & support in non-state tested classes
Pascagoula High School	Too much focus on test scores and grades rather than on actual learning.
Pascagoula High School	that we are all so distant from one another. there are still some teachers I don't know here.
Pascagoula High School	What looks good on paper isn't always able to be realistically implemented.
Pascagoula High School	lunch
Pascagoula High School	The district does not address the issues of student's inability to read, write, perform basic mathematics and most importantly problem solving skills and ability. These skills are learned at an early age and must

Institution	Response
	<p>continue to develop through all years of education. With the absence of such skills, we are providing for a future of people who cannot solve even the simplest of problems in the workforce which almost makes them insignificant in jobs suitable for supporting oneself or family. The administration is constantly changing technology related to systems used for grading and planning.</p>
Pascagoula High School	<p>We need to provide more counseling services. Not just academic but many of our students need much deeper one-on-one time and help just dealing with life issues so they can focus on being the BEST! For many years now the counselors here at PHS claim to be just for academic and not for personal issues. In our school we definitely need more counselors.</p>
Pascagoula High School	<p>School is great</p>
William Colmer Middle School	<p>There is not a diverse race of teachers for the diversity of the students.</p>
William Colmer Middle School	<p>no comment</p>
William Colmer Middle School	<p>The teachers lack the ability to follow instruction.</p>
William Colmer Middle School	<p>Schedule for holidays.</p>
William Colmer Middle School	<p>Parents with nasty attitudes</p>
William Colmer Middle School	<p>✓ Inconsistencies</p>
William Colmer Middle School	<p>na</p>
William Colmer Middle School	<p>That higher ability students are not rewarded or thought of as much as lower ability.</p>
William Colmer Middle School	<p>✓ lack of mentorship and teacher support from admin. They say they do, but they don't. Then when you handle discipline using something that works (and also is an excellent learning tool) they don't like it. Such as having them work from a textbook when they cannot allow the teacher to teach.</p>
William Colmer Middle School	<p>Fact that we have 1 copy machine for all teachers that is constantly out-of-order.</p>
William Colmer Middle School	<p>✓ Lack of student accountability, lack of parental involvement and accountability, student behavior and lack of motivation</p>
William Colmer Middle School	<p>✓ It appears that sometimes we major on minor things like color of socks rather than achievement.</p>
William Colmer Middle School	<p>MCT testing</p>
William Colmer Middle School	<p>✓ Students are not held accountable when they misbehave or do not complete assignments.</p>
William Colmer Middle School	<p>✓ We need a more balanced approach towards overall discipline: 1.) Stronger Deterrents i.e. 2.) Meaningful Positive Discipline in Place that the students would actually like.</p>
William Colmer Middle School	<p>Teachers need more time to plan for class time.</p>
William Colmer Middle School	<p>Corridor could be power washed for clean appearance. Much chewing gum on walkway</p>
William Colmer Middle School	<p>Assistant Teachers and other staff members not being inform about things going on at the school, and not being told to come to any meetings, and feeling as if we do not count, and leaving the students in the Life Skills Class out of a lot things. When they say teachers, it makes some of us(me) feel as we do not count. Assistant teachers not having the training to deal with a lot of problems, feeling as if I do not count in the class more times then I care to.</p>
William Colmer Middle School	<p>✓ Discipline does not seem to be consistent.</p>

Institution	Response
William Colmer Middle School	The administration
William Colmer Middle School	✓ discipline sometimes inconsistent
William Colmer Middle School	N/A
	There is a break down somewhere, whether at home with family lives or at a younger age but work ethics has become a real issue. Students do not think we will hold them back. Students do not think they can fail. Students don't think they should be held accountable. I would like to see students of all ages held accountable for their education.
William Colmer Middle School	Students who give up take the same test as those who really try.
William Colmer Middle School	✓ students need to be held more accountable for their actions. ISI is not working for alot of students.
William Colmer Middle School	It is not a closed campus.
William Colmer Middle School	We continue to have a group of colleagues that do not focus their attention on thier primary responsibility - teaching.
William Colmer Middle School	The lack of passion towards education from a small percentage of students and parents
William Colmer Middle School	I feel at times that there are too many intangibles that get in the way of planning time. I also would like a better approach to measuring students with significant disabilities in the forum of assessment.
William Colmer Middle School	n/a
William Colmer Middle School	Nothing
William Colmer Middle School	I don't agree with assistant teachers not having any training, or seen as not part of the staff. Sometimes not included in things happening with the school.
William Colmer Middle School	What I like least about our school is we only have one copy machine that stays broken half of the time and that I personally do not have the means to use technology in my classroom.
William Colmer Middle School	number of computers
William Colmer Middle School	not much I dislike about our district, what I may dislike does not move the scale enough to complain about.
William Colmer Middle School	Not enough time in class with students.
	Students are not held accountable for their grades, attendance and behavior. Teachers are pressured to repeatedly give students makeup work and extend project deadlines for students that do not turn in work. I feel teachers are held to high standards. We are pushed, chastised, and constantly reminded our jobs are on the line, but the students slide by, getting away with very little accountability. We constantly hear "Add more rigor, higher level activities, DOK 3 & 4!", but many of the students can't keep up. Then the students are allowed to fail 2or 3 classes and pass for the year. This make teachers mad. This is not fair to the students or the teachers. In the end we are all going to fail when these students graduate and have no foundation.
William Colmer Middle School	✓ Lack of consistent discipline
William Colmer Middle School	✓ some non-consistency dealing with discipline policies
William Colmer Middle School	✓ Lack of consistent enforcement of uniform policy.
William Colmer Middle School	✓ Discipline is not consistent
Trent Lott Academy	The controversy of being an elementary, transitional, or middle school and implementing policies according to

Institution	Response
Trent Lott Academy	policies can sometimes be confusing.
Trent Lott Academy	We need additional classrooms to accommodate the changes to our school
Trent Lott Academy	Too much testing on students that they burn out before the big test.
Trent Lott Academy	✓ Inconsistency in discipline.
Trent Lott Academy	We have middle school (older) students but use elementary school based discipline.
Trent Lott Academy	I would like to see more extracurricular activities incorporated. Maybe some more organized sports.
Trent Lott Academy	I have not enjoyed changing from middle school ways to elementary ways.
Trent Lott Academy	There are too many transitions throughout the day. Students need more continuity.
Trent Lott Academy	There has been a lot of change. When we know something works and has shown success, then I recommend to continue it.
Trent Lott Academy	Favoritism from the boss and some teachers
Trent Lott Academy	WAY too much "extra stuff" required of faculty/staff...just let us have school!
Trent Lott Academy	they gym and band hall are old. Do not appear as though they were remodeled at the same time as the classrooms.
Trent Lott Academy	amount of students
Trent Lott Academy	✓ There are not enough classrooms for teachers to do their jobs. Shared classrooms make it difficult to hold effective academic lessons due to the distractions.
Trent Lott Academy	✓ The discipline procedures and lack of support with discipline issues.
Trent Lott Academy	Sometimes creativity is stifled by mandates
Trent Lott Academy	nothing
Trent Lott Academy	✓ No support for teachers from the principal concerning students' behavior and consequences for same. Teachers do not have enough time during planning to do what is needed to be done - bogged down with conferences, paper work, meetings, etc.
Trent Lott Academy	The continuous emphasis on testing reduces valuable instructional time. Therefore, we assess, but don't always have the time to correct students' deficits as we must move on to next learning goals. I think we should teach less, but teach on a deeper level - to mastery.
Trent Lott Academy	n/a
Trent Lott Academy	none known
Trent Lott Academy	That parents are not more involved in the educational process.
Trent Lott Academy	too many meetings
Trent Lott Academy	Not a thing.
Trent Lott Academy	Lack of support from the principal. Not enough time to prepare for class.
Trent Lott Academy	Too many surveys, forms, etc.

Institution	Response
Trent Lott Academy	lack of support staff
Trent Lott Academy	long faculty meetings
Trent Lott Academy	<input checked="" type="checkbox"/> There are not strict enough consequences for students who do not behave. The SWIS Behavior ladder takes too much time to complete. There is not enough time to stop instruction to fill out the forms. There should be some type of immediate consequence for talking back, disrespect, and disturbing the other students in the class that are doing what they are supposed to be doing.
Trent Lott Academy	I would like to see a transitional handbook in place for grades 5 and 6.
Trent Lott Academy	the fact that we are very cramped...we need additional classrooms.
Trent Lott Academy	Teachers do not have a voice in the decision making process of the school. The school district makes the decisions for the individual schools.
Trent Lott Academy	Lack of communication from administration
Trent Lott Academy	I do not like that some teachers have negative attitudes toward children and each other.
Trent Lott Academy	NA
Trent Lott Academy	N/A
Trent Lott Academy	<input checked="" type="checkbox"/> Discipline. Dress code is not enforced, consequences for bad behavior are not strong enough to matter to students.
Trent Lott Academy	n/a
Trent Lott Academy	The elective schedule. The students do not like it and that is the only free time that have during the day. I believe they are looking into this for next year.
Trent Lott Academy	I believe that some of our Grads are not quite prepared for college.
Trent Lott Academy	<input checked="" type="checkbox"/> The lack of communication is extremely frustrating. Things are often last minute which creates anxiety for staff, students and parents. There is inconsistency with the discipline with our principal. It has been a challenge.
Trent Lott Academy	I feel that some teachers aren't fully "here for kids" which is the reason why we should be here in the first place. I believe that everyone should "share the load" when it comes to working in teams.
Lake Elementary School	On the flip side of being a small school, we often don't get the number of staff that is needed for effective learning. In an ideal world, each elementary classroom should have an assistant.
Lake Elementary School	n/a
Lake Elementary School	the fact that these students come to us so very unprepared - their home environments are usually not conducive to learning
Lake Elementary School	small / cannot provide the services or support for all students and their needs
Lake Elementary School	would like each classroom to have a full time assistant
Lake Elementary School	The structure needs updating--Bathroom for students and staff, more classrooms for activity programs, computer lab and lab assistant
Lake Elementary School	What I like least about our school is the condition that this school is in. This school is in need of some major work to help make the school look more presentable as well as creating a safer learning environment for the

Institution	Response
Lake Elementary School	students.
Gautier High School	Lack of space
Gautier High School	too much detailed paper work (lesson plans must be very detailed; weekly check lists on students, etc.) too much duty, especially code red duty too much of a teacher's day is taken for things other than teaching not enough planning time with tutoring; paper work, duty
Gautier High School	rules are not applied equally
Gautier High School	✓ Student behavior and apathy
Gautier High School	This is one of the best schools I've been associated with.
Gautier High School	✓ All students should be accountable for their actions and for their work produced in the classroom or lack of, to earn their diploma. They too represent this school.
Gautier High School	The lack of communication from central office on key issues like instructions & decisions that directly affect the effectiveness of my job is the most frustrating part. I feel as if I'm being set up to fail when all it would have taken is a simple, courteous email to inform me of certain situations or changes, instead of a reprimand when I was ignorant of doing wrong in the first place. It seems as if information is being withheld as a means of exerting control or perhaps job security. But the situation doesn't exist within this school, it's within the district central office. (finance)
Gautier High School	N/A have not been there long enough
Gautier High School	✓ Needs more communication between teachers and Adm. , if a student is giving teacher problems are not able to function in class so the students does no lose out.
Gautier High School	Micromanagement; an atmosphere of distrust; poor leadership and a lack of concern for staff; "toxic" environment that produces poor attitudes in employees.
Gautier High School	So many of the students have an I don't care attitude and very little parental support. Some of the teachers here treat the Special needs students with little or no respect and no confidentiality of their disabilities. We don't have enough technology for all to use what they need to use.
Gautier High School	Every aspect of the administration of the school is micromanaged. Everything must go through the principal - the Assistant Principals are not allowed to make any decisions without going through him first.
Gautier High School	Our population is growing and we are challenged to find space to accommodate all the offerings we have.
Gautier High School	generally speaking, the more teacher responsibility for a variety tasks, the less quality time for instruction
Gautier High School	Apathetic students and parents.. (don't know what to do about it, but that's the least joyful thing about it)
Gautier High School	✓ Inconsistency in enforcement of handbook policy.
Gautier High School	✓ Discipline system.
Gautier High School	I cannot think of anything to list in this area
Gautier High School	Do not wish to comment
Gautier High School	Too much electronic mail communication
Gautier High School	I have found Mr. Tolbert to be very unprofessional in his communication with teachers. He comes across as a prideful military officer telling his subordinates what to do rather than a caring assistant principal politely

Institution	Response
Gautier High School	relating to his teachers with respect and care. It has been my experience that he has talked down to me in person and through emails rather than using a positive negative positive approach. He could definitely use some mentoring in communicating professionally and respectfully to teachers.
Gautier High School	Athletic Facilities
Gautier High School	the roaches in the teachers' lounge
Gautier High School	micromanagement by administrators/superintendents
Gautier High School	N/A
Gautier High School	✓ Inconsistent discipline practices
Gautier High School	I really do not think there is anything I dislike about GHS.
Gautier High School	The majority of our teachers do not have an opportunity to perform in leadership roles outside of the classroom because a small group of teachers monopolize every activity and event that is of great importance to the school and students. Whereas this may be admired by administrators, in actuality this small group prevents other teachers from being able to "claim a stake" in our school and community. With no ties holding teachers to our school, they will move on to other schools where they WILL BE GIVEN A CHANCE to invest themselves in the lives of their students. When teachers don't have the opportunity to do important jobs, they tend to feel unimportant.
Gautier High School	loss of instructional time due to many factors.
Gautier High School	✓ inconsistency with rules for students
Gautier High School	NA
Gautier High School	Negatives attitudes among staff members.
Gautier High School	communication. within our school it is ok, but the districts communication to us as a school is lacking.
Gautier High School	nothing
Gautier High School	lack of activities/student expression
Gautier High School	Too much instructional time lost for all kinds of pointless reasons.
Gautier High School	✓ uniform policy isn't enforced. Students wear black tennis shoes with nike symbol. Students wear shirts with symbols.
Gautier High School	Pulling students out of class.
Gautier High School	Having to watch other teachers classes on our planning period
Gautier High School	n/a
Gautier High School	I miss the family atmosphere that we had when I first started working at GHS There seems to be a very tense and stressful vibe here.
Gautier High School	A little too much time missed for athletics.
Gautier High School	Not all of our teachers are self-starters. I would like to see more of them involved with PLCs, especially when it comes to tech integration and just thinking outside the box. Common core is coming-we know it's coming--

Institution	Response
	yet, I see very, very few even reading about it. GHS teachers are great at what we do NOW, but we need to be great at what is coming in the near FUTURE.
Gautier High School	✓ Micromanagement, including specific format for things such as lesson plans, inconsistent enforcement of things such as dress code and office referrals, some of the administrators tend to be unfriendly or not personal to teachers due to their positions, teachers not given an opportunity to give input on situations, teachers treated as below professionals at times by a couple of the administrators, only one administrator out of four lives within the Pascagoula School District.
Gautier High School	difficulty in motivating students
Gautier High School	The work place environment
Gautier High School	Administration
Gautier High School	job safety
Gautier High School	n/a, I'm new at this school and don't know alot about how things are around here.
Gautier High School	NOTHING!
Gautier High School	The fact that teachers have to share rooms and even teach in labs. We need more room!
Gautier High School	✓ Some of the discipline administered is inconsistent.
Gautier High School	That some teachers do not do anything but come to work and leave, and they seem to have no morale.
Gautier High School	Lack of recognition and support for the entire staff starting with Administration and down to the Custodians.
Gautier High School	The students seem to have more control over the school than the teachers. Not a lot of teacher support
Gautier High School	Confusion with dress code such as colors and types of shoes allowed
Gautier High School	Sometimes there is a lack of communication between the departments and between the staff and administration to allow for a better understanding of each departments needs and concerns.
Gautier High School	n/a
Gautier High School	grading system
Gautier High School	I have no dislikes in regards to the direction we are taking.
Gautier High School	Unsure of my position as a teacher ie employment?
Gautier High School	N/A
Gautier High School	Schools campus grounds need improvements!
Gautier High School	✓ lack of consistant consequences for student discipline problems
Gautier High School	Sometimes there is too much pressure put on the teachers. Meaning it seems to be only our responsibility to see that students are passing, we are taking all responsibility away from parents.
Gautier High School	
Gautier High School	
Gautier High School	
Gautier High School	
Gautier High School	

Staff Survey for schools

Question 3. What is one suggestion you would like to offer to improve our school?

Responses

Institution	Response
Pascagoula School District	unknown
Pascagoula School District	N/A
Pascagoula School District	We as a staff must deal with the emotional stress that other teachers and support staff don't deal with on a daily bases. I would like to challenge the Central people to come and experience for a day what it is like. I would like them to come as substitutes, not just a stick your head in and say hello. Then maybe they would come to the conclusion that we as a staff at our school need more support from them and more training to learn how to deal with emotionally disturbed students. I suggest more training to learn how to deal with this on a daily bases.
Pascagoula School District	Leaders talk to staff about problems. Some staff could offer solutions.
Pascagoula School District	More technology
Pascagoula School District	smaller class sizes in all classes
Pascagoula School District	na
Pascagoula School District	trust in the staff more
Pascagoula School District	omit
Pascagoula School District	We could use more computers in our lab. (headphones too)
Pascagoula School District	Revise the discipline plan for students and improve communication with staff.
Pascagoula School District	Supervisors should supervise. My supervisor should account for my presence, my lesson plans and insure that the quality of my instruction meets the highest standards.
Pascagoula School District	Make the Surveys LONGER
Pascagoula School District	Professional learning communities
Pascagoula School District	Nothing
Pascagoula School District	Teachers need to write better plans and principals need to expect better plans. Better planning equals better instruction.
Pascagoula School District	Teachers, Support Staff, and Custodians to receive a pay raise
Pascagoula School District	Update the building
Pascagoula School District	Do away with dress code.

Institution	Response
Pascagoula School District	More user friendly TST paperwork, additional training for SPED and inclusion staff
Pascagoula School District	Stop the high schools from stealing valuable teaching time from the ATC. They pull students out of our classes to give the students tutoring and pre-tests before the students take the PSAT tests. Yet when the ATC has the CPAS tests, we are not given the same courtesy of additional time with the students that the high school gets.
Pascagoula School District	Character Education for staff.
Pascagoula School District	I think this school is doing pretty good.
Pascagoula School District	I would LOVE to see art and foreign language teachers hired in the elementary schools!
Pascagoula School District	N/A
Pascagoula School District	The school system is great - things that need to change need to start at home.
Pascagoula School District	Shorten instructional periods
Pascagoula School District	Have the upper echelon filter some of the excess/redundant requirements asked for from the STATE.
Pascagoula School District	There needs to be more focus by admin and teachers on anything and everything related to education- law, supervision, curriculum, best practices, time on task, etc. I believe our school as been aloud to "do its thing" and change is too hard for the majority. There is no vision as well. For the district, I do not know the history, but it is apparent that many are afraid to network and brainstorm ideas with other educators, members of the community, or peers who are employed in higher or lower positions.
Pascagoula School District	n/a
Pascagoula School District	Prayer...
Pascagoula School District	Make the Surveys LONGER
Pascagoula School District	Match clerical and classified scales to match or exceed that of other Districts to maintain qualified and attract qualified clerical help.
Pascagoula School District	The school needs a better discipline policy that is easier to follow.
Pascagoula School District	Continue to mine the data and help everyone on all campuses be a resident expert in their students and their student's needs!
Pascagoula School District	more parent and community involvement
Pascagoula School District	Nurse student ratio of at least one nurse for every 750 students.
Pascagoula School District	NA
Pascagoula School District	Nothing as of yet.
Pascagoula School District	More technology and resources in the classroom!
Pascagoula School District	no improvements....this is a great school to work at each and every year.
Pascagoula School District	Have the students tested and have them show that they that they have the desire and basic math and reading skills to develop in the programs. We don't need numbers of students who have no desire to learn about our program.
Pascagoula School District	Have labs (at set times of the day) where students must report if they are missing a particular basic skill. For

Institution	Response
Pascagoula School District	example, all students must practice their multiplication table daily until they prove mastery . . . the same with phonics, etc. I know these aren't grade level standards, but the students can not grasp the higher concepts and skills if they are missing the basic skills. Yes, the students should have learned these skills earlier, but they didn't -- so let's teach them systematically starting at the beginning of the year and most students should be fine by Thanksgiving.
Pascagoula School District	N/A
Pascagoula School District	Teachers, T/A's, office personnel seems to be stressed from overwhelming overload of high demands. They can't get 1 thing accomplished before more tasks and unmeetable deadlines are placed upon them, usually with no offer of thanks or gratitude.
Pascagoula School District	One suggestion I have to offer our school is a longer recess for our children and a playground that is safe.
Pascagoula School District	na
Pascagoula School District	A variety of extra curricular activities so students will be more involved in school activities.
Pascagoula School District	-0-
Pascagoula School District	Allow for a more strict student behavior accountability. Students need to be more accountable for their behavior and academic performance. (ISI is given out too frequently). All technology should be universal.
Pascagoula School District	Fewer faculty meetings
Pascagoula School District	For every teacher to realize she may be the only person keeping these children off the streets and from a life of crime
Pascagoula School District	We need teacher assistants.
Pascagoula School District	NA
Pascagoula School District	Some type of diversity training for faculty and students that would be focused on truly educating people about different races that would help eliminate stereotypes we all have about other ethnicities.
Pascagoula School District	more discipline to behave correctly have manners
Pascagoula School District	I would love for administrators to listen to veteran PHS teachers. We can create an expectation list for almost everything. Obviously, administrators have the final say, but I feel that we are lacking a certain focus right now. I feel that I have no voice, and our school could benefit from hearing my voice as well as others who have been here for a while.
Pascagoula School District	A higher morale among staff would greatly improve student learning
Pascagoula School District	computer lab renovation
Pascagoula School District	None
Pascagoula School District	Students to realize that not everyone is going to be a doctor or lawyer. Not everyone is going to attend a 4 year college so try to learn a skill while in high school to help you get a job and attend a junior college and improve on those skills.
Pascagoula School District	Make sure K-1 all have an assistant!
Pascagoula School District	Not humanly possible to do much more than is already being done.
Pascagoula School District	n/a_ but I like that I get to know our students and bond with most of them. It seems to improve their

Institution	Response
Pascagoula School District	motivation.
Pascagoula School District	better communication all the way through - from top to bottom
Pascagoula School District	none
Pascagoula School District	Nothing.
Pascagoula School District	N/A
Pascagoula School District	NA
Pascagoula School District	focus on student needs less on test
Pascagoula School District	Make students more accountable for their in actions.
Pascagoula School District	Better P.E. and athletic facilities.
Pascagoula School District	Put more emphasis on activity based instruction, nutrition education and physical activity/physical education. A start would be meeting the HealthierUS School Challenge criteria for these 3 topics.
Pascagoula School District	Add Pre-Kindergarten for both Gautier and Pascagoula.
Pascagoula School District	see above
Pascagoula School District	N/A
Pascagoula School District	NA
Pascagoula School District	na
Pascagoula School District	We should all 'say the same thing' in regard to our handbook or change the handbook to reflect what is generally accepted. Both High Schools should all have equal access to the SAME things (instructional resources). Improve professional development to meet the individual needs of teachers. Improve the access/process of mentor teachers, to teachers new to the district and provide mentor teachers with more opportunities during the school year to work with their new teacher.
Pascagoula School District	Have the administration take remedial classes in personnel managemnet and conflict resolution. Learn how to manage with dignity.
Pascagoula School District	No suggestion
Pascagoula School District	There is a sound issue in our school. There needs to be additional insulation to the classrooms to control noise levels.
Pascagoula School District	More reading programs targeted to meet the needs of the the students.
Pascagoula School District	No suggestions
Pascagoula School District	none
Pascagoula School District	n/a
Pascagoula School District	More accessible access to all county school information for the counties we service.
Pascagoula School District	Continue training and curriculum development
Pascagoula School District	Students are pushed so hard at school. A lot of homework is required and children who complete assignments have little or no time to relax and "be a kid"

Institution	Response
Pascagoula School District	N/A
Pascagoula School District	Make the POC a much tougher environment. Right now students do not see the POC as a punitive measure.
Pascagoula School District	Stay on the current mission. But always be flexible to change and new ideas.
Pascagoula School District	I am district-level support staff and not affiliated with a particular school.
Pascagoula School District	nothing in particular
Pascagoula School District	Continue to get more technology for teachers- sets for every room.
Pascagoula School District	updated computers to use alternate equipment for special needs students.
Pascagoula School District	Support teachers
Singing River Elementary School	I think this is a great school with great administrators I would not change anything!
Singing River Elementary School	more strict discipline and more positive reinforcement for good behavior
Singing River Elementary School	Not sure because we are moving out of this school in a year or so. It will become an "upper" elementary school.
Singing River Elementary School	smaller school (school within a school concept (K - 2) (3 -5) Maybe two principals - one K -2 and one 3 - 5.
Singing River Elementary School	More parent volunteering should be encouraged.
Singing River Elementary School	Involve parents more in student academic
Singing River Elementary School	Training for staff on understanding students with emotional issues.
Singing River Elementary School	If you ask staff to ask for help, don't make them feel like an idiot once they ask.
Singing River Elementary School	everyone continue to work towards the best for the students.
Singing River Elementary School	don't have any
Singing River Elementary School	I do not have a solution.
Singing River Elementary School	Start school an hour or so later.
Singing River Elementary School	If you ask staff to ask for help, don't make them feel like an idiot once they ask.
Singing River Elementary School	Not really sure.
Singing River Elementary School	To group Math classes by the child's ability. And have their morning classes to be their homeroom where you take attendance and lunch roll.
Singing River Elementary School	More TA to help with students who are not meeting objectives.
Singing River Elementary School	Streamline discipline problems.
Singing River Elementary School	enforce student dress code (shirt,pants, and shoes)
Singing River Elementary School	some more time where the kids are having together time
Singing River Elementary School	More training should be offered for assistant teachers.
Singing River Elementary School	N/A
Singing River Elementary School	In school suspension room for students to moved to for short time periods when necessary.

Institution	Response
Singing River Elementary School	Create a behavior class for those students who REPEATEDLY violate school rules and disrupt the learning environment of others.
Singing River Elementary School	Protect planning time for teachers. Teachers must be constantly "on" at SRE and have little time for planning, paperwork and preparing lessons. Decrease demands on teachers' time for extra commitments.
Singing River Elementary School	to have a "behavior" class
Singing River Elementary School	If you ask staff to ask for help, don't make them feel like an idiot once they ask.
Singing River Elementary School	Difficult to come up with a solution for lack of space in the school building:(
Singing River Elementary School	Provide more opportunities for parent involvement in the classroom.
Singing River Elementary School	Provide teachers and staff with information needed in a timely manner.
Singing River Elementary School	Allow SPED teachers to meet together as often as the other grade levels. Allow equal work days to complete the tremendous amount of paperwork that we are required to complete each nine weeks.
Singing River Elementary School	Better communication
Singing River Elementary School	Team Building
Singing River Elementary School	More fun activities or field trips (atleast two per grade level maybe) to allow our students fun ways to grow academically and all. (Maybe free trips to our Pascagoula Interactive Center.)
Singing River Elementary School	K through 2 need full time qualified TA for each class in order to better meet needs of all students.
Singing River Elementary School	School janitorial staff would best be supervised from the Maintenance Department. Even if it required hiring an individual specifically to rotate schools. School principals do not have time to monitor the supervision of the janitorial staff.
Singing River Elementary School	More parent envolement.
Singing River Elementary School	More planning days throughout the year, if possible.
Singing River Elementary School	firmer classroom and school wide management
Singing River Elementary School	Show decorum and LOVE at all times no matter how hard you think life is.
Singing River Elementary School	If you ask staff to ask for help, don't make them feel like an idiot once they ask.
Singing River Elementary School	Providing workshops within the school for team building, classroom management, behavior management resources etc.
Singing River Elementary School	n/a
Singing River Elementary School	That support staff in Special Education is given more training to help the student
Singing River Elementary School	Encourage more community involvement
Singing River Elementary School	More parent envoiement.
Singing River Elementary School	Do not levelize reading
Singing River Elementary School	One way I would like to improve our school is by using the data provided to better suite our students.
Singing River Elementary School	do not levelize reading, students on different levels learn from each other
Singing River Elementary School	Let's have fewer observations and more opportunities to visit other teachers.

Institution	Response
Singing River Elementary School	Involve parents more in student academic
Singing River Elementary School	One suggestion to improve our school would be if parents would become involved in their child's discipline and behavior.
Singing River Elementary School	A new kindergarten playground! I think it is sad that our children don't have a fun place to play when they get the chance.
Singing River Elementary School	I would like to see all students be help accountable for everything - good and bad. I feel that we enable parents by giving too much sometimes. Also, if there are rules they should be followed. If a weapon is brought to school, the student should receive the consequence as outlined in the handbook (every student, every time). If a student does not comply with the uniform policy, there should be a consequence. I realize that we'd rather have students in school than have them stay home for not having the right color pants; however, if that is the case, then the district should reconsider the uniform policy and go to a dress code. So my suggestion is consistency.....
Singing River Elementary School	If you ask staff to ask for help, don't make them feel like an idiot once they ask.
Gautier Middle School	A better system for the 6th grade
Gautier Middle School	Hold students and parents accountable
Gautier Middle School	duty free lunch
Gautier Middle School	Climate /culture
Gautier Middle School	more parent involvement/ holding the parent more responsible for their childs actions
Gautier Middle School	More counseling support for employees as they continue to deal with health issues, death issues, etc.
Gautier Middle School	I believe there is room for improvement in communication between all parties.
Gautier Middle School	Teacher appreciation expressed more often
Gautier Middle School	More parent involvement for students.
Gautier Middle School	I think the adoption of a separate 5th & 6th grade academy and different grading and discipline scale is not doing a justice to the 6th graders. They are being babied instead of learning to adapt and grow to successful middle schoolers.
Gautier Middle School	Making sure that all teachers are here to support student learning.
Gautier Middle School	Professional staff should not have to Tamis in and out. At the very least, place the machine at the entrance to the school
Gautier Middle School	I would like to see music being played during testing. Students become more at ease when listening to music. It can be classical music, and they would still enjoy it.
Gautier Middle School	I would like to feel more of a part of the decision-making process. I have no say-so in what goes on.
Gautier Middle School	Common Core training
Gautier Middle School	I would like to see a covered walkway running north and south at the car rider area. Also, benches placed underneath for the students to sit and watch for their rides instead of crowding up and causing congestion. The covered walkway would alleviate the issues with inclement weather.
Gautier Middle School	Student need social outlet / break.

Institution	Response
Gautier Middle School	monthly staff meetings that includes everyone from each grade and electives
Gautier Middle School	Hold more sessions with teachers to ask their opinions.
Gautier Middle School	Student breaks, they would help students focus more in class.
Gautier Middle School	We really need for this to be a 7th and 8th grade school. It is too large and sometimes unmanageable.
Gautier Middle School	a
Gautier Middle School	more teacher support and more responsibility placed on the students and parents
Gautier Middle School	Implement parent/ teacher conferences
Gautier Middle School	N/A
Gautier Middle School	Perhaps a computer lab for English teachers/students
Gautier Middle School	I am not sure.
Gautier Middle School	Lets continue to offer as many extracurricular activities to the students as possible in hopes of building more pride in their school.
Gautier Middle School	more interaction among teacher from all grades
Gautier Middle School	Encourage parents to participate in their child's education.
Gautier Middle School	Work together for a common goal of better school climate and better staff cohesion and professionalism.
Gautier Middle School	-
Gautier Middle School	get alone treat people the way you wanted to be treated, and keep on during a good job on putting the kids first.
Gautier Middle School	More teacher telephones.
Gautier Middle School	You need a mentoring program. It would be cost effective to employ a teacher/trainer to mentor other teachers on a regular basis.
Gautier Middle School	No suggestions at this time.
Gautier Middle School	I think we need to hold students more accountable for their work and their actions. I also think we need to be more consistent with discipline procedures.
Gautier Middle School	smaller class sizes for non english and math classes
Gautier Middle School	A PTA group that has a staff liasion would maybe help parent involvement by providing feedback of the needs of the school. Also, a teacher's lounge will serve as a positive asset for our staff.
Gautier Middle School	I would like to see teachers have more time to actually work in their rooms during teacher work days. Also, I would like to see something changed about the afternoon bus release.
Gautier Middle School	I'm pretty happy with the way our school is run.
Gautier Middle School	more comradery
Gautier Middle School	Get rid of breakfast-on-the-go.
Gautier Middle School	Better communication between schools and central office.

Institution	Response
Gautier Middle School	I would improve our school by having more project based assessments.
Gautier Middle School	Listen to teachers and take suggestions seriously.
Gautier Middle School	Offer more opportunities for parents to interact with teachers and administration.
Gautier Middle School	Collaboration between regular education teachers and special education teachers regarding needs of special education students is very important and should be continued.
Gautier Elementary School	TST person to work more days.
Gautier Elementary School	Increase our budget because there are alot of resources we would like to purchase but are not able to because we have enough funding for the year to just get by. We make due with what we have but if we had more money we would be able to introduce different avenues of learning to our students.
Gautier Elementary School	Maintain the playground and entry to it. The path to the gate is muddy and mulch is packed down and overgrown with grass.
Gautier Elementary School	To get a new principal.
Gautier Elementary School	I can't think of anything right now..
Gautier Elementary School	n/a
Gautier Elementary School	Classroom teachers not be pulled from the classroom to attend district meetings and planning, perhaps the teacher work days could be used for that.
Gautier Elementary School	enclose the entire rear of the school with fencing to keep animals(turtles and alligators) off of campus
Gautier Elementary School	Due to the amount of TST academic and behavior students a full time TST employee would be beneficial
Gautier Elementary School	na
Gautier Elementary School	more teacher time to analyze data and plan for instruction
Gautier Elementary School	n/a
Gautier Elementary School	The sidewalk floods by the music room. I would also like a gate around the entire campus. The playground should be gated as well to ensure safety. Classroom sizes should be smaller. First grade needs a full time assistant teacher for each teacher.
Gautier Elementary School	n/a
Gautier Elementary School	to enclose the sidewalks
Gautier Elementary School	Healthier and tastier school menu. Pancakes and syrup are not nutritious and that's just one meal. It is too sweet and the students are hyped up and then a big fall with no energy.
Gautier Elementary School	The areas listed in the above answer to the things that are not going well at our school.
Gautier Elementary School	continue to work towards improving strategies to help ELL students
Gautier Elementary School	I would suggest that the sidewalks be enclosed in some way.
Gautier Elementary School	Not so much paperwork
Gautier Elementary School	Maybe to have a few clubs that our students could become a part of after school, etc. gardening clubs, exercise club, subject area club(math, spelling bee).

Institution	Response
Gautier Elementary School	More students art work display
Gautier Elementary School	To help parents understand how important school is for their child and that we are here to help them in any way we can.
Gautier Elementary School	Build and indoor play facility
Gautier Elementary School	more listening too kids
Gautier Elementary School	N/A
Gautier Elementary School	How to get more parent participation in our school would be to feed them every time we are having some type of meeting. They seem to come when we feed them.
Gautier Elementary School	New laptops for teachers!!! Please!!
Gautier Elementary School	It would be nice to be able get to our building without having to wade through water on a rainy day.
Gautier Elementary School	To close in the outside walkways so that we have protection from rain and weather. Assistant teacher in each first grade classroom. Smaller class sizes for K-2.
Beach Elementary School	NA
Beach Elementary School	I have no suggestions at this time.
Beach Elementary School	a fundamental program where the basics are really mastered by a student before they are advanced to the next level
Beach Elementary School	none
Beach Elementary School	More trust to the teachers to handle problems in their classrooms.
Beach Elementary School	N/A
Beach Elementary School	Again, nothing comes to mind...I love it!!!
Beach Elementary School	more staff development time without students
Beach Elementary School	experiences in differentiated learning
Beach Elementary School	Nothing.
Beach Elementary School	Let the teachers teach their way
Beach Elementary School	I think our school is one of the best in the district and we hold our own in all aspects of higher learning.
Beach Elementary School	None at this time.
Beach Elementary School	The only thing I could suggest is that we had rooms for speech, music, etc.
Eastlawn Elementary School	Resource Special Education and then inclusion
Eastlawn Elementary School	More training
Eastlawn Elementary School	None
Eastlawn Elementary School	It would be difficult to improve upon the school climate at this time. I feel that our principal has made major improvements overall in the day to day operation of our school and its climate. Perhaps more could be done to improve the physical characteristics of the building itself. (updates and renovations, addition of more

Institution	Response
Eastlawn Elementary School	playground equipment...) We are constantly adding new things, but not removing things that are not working, and that is frustrating. We need to start taking some requirements out, it is getting overwhelming and we cannot simply teach, like we want to.
Eastlawn Elementary School	To improve our school I would like to see more support for a new principal. The support needs to be from an individual that is not a personal friend and has more experience in the position.
Eastlawn Elementary School	That everyone is treated the same and fairly
Eastlawn Elementary School	Overall I am satisfied with the way things are done and implemented. I can only reflect back on #2 in not introducing too many new things at once.
Eastlawn Elementary School	nothing
Eastlawn Elementary School	More parking for teachers and parents and I think it would be better for us to have a better and larger covered area in the front and to add one in the back of the school so the children do not get wet when it rains.
Eastlawn Elementary School	ALL teachers should be expected to have the highest expectations of ALL students and ALL teachers should be working with students every possible instructional minute. Most do, but you can't "rest on easy" when you are friends with the principal or someone in a high position. With that being said, second chances should be given to teachers and assistants without being put on some sort of "get them gone list". Most teachers and assistants want to do their job well. If they aren't, then maybe they should watch someone who "truly" is. Truly isn't always what you "see" when you drop in or evaluate, it goes much deeper and for a much longer time frame.
Eastlawn Elementary School	none
Eastlawn Elementary School	Flex group all grades for math.
Eastlawn Elementary School	Teachers need to be able to spend more time in classroom teaching the subjects.
Eastlawn Elementary School	We should at all time maintain respect and equality to all and for all no matter what gender, age, race, or position a person has.
Eastlawn Elementary School	Do away with flex grouping.
Eastlawn Elementary School	Again, these suggestions mostly stem from district policies...technology is great and we love having all of the resources but let us not forget nor forsake the learning that takes place without the technology. The type of learning that can only come from imagining, creating, etc. We need more fine arts...we need more time for fine arts. I love that we have Music (Drama included with music)! But what about Art? Dance? We keep talking about reaching students where they are and helping them to develop and grow but we're not offering a lot of students the opportunity to discover those talents because we are so focused, as a district, on pushing research and technology. Technology should be used to enhance not to replace! I recently heard of a private school in California that rarely uses technology in their classrooms. They only use it when it will truly enhance their lessons. They have stuck to tried and true teaching practices and their students are highly successful! And do you know that the majority of students attending this school are the children of high technology CEO's and inventors, such as the creator of Google. These parents know that in order to be creative, problem solving and self-sufficient citizens and employees, their children need to be able to do those things without technology first, then they can do them with technology even better. Same thing for many of our great film makers. Most of them do not have televisions in their homes. They were recently asked by a group of college students studying to be film makers what they needed to do and learn to be

Institution	Response
Eastlawn Elementary School	successful film makers. They were told to study philosophy, religion, cultures, etc., never mentioning anything about movies or technology because great ideas come from free thinking and life experiences. Anyway, to sum it up...yes, we need technology and we are very grateful for what we have! Seriously! But don't forget about teaching those things that make us great people and not just great employees!
Eastlawn Elementary School	not sure
Eastlawn Elementary School	I don't have a suggestion.
Eastlawn Elementary School	We need new, updated computers.
Eastlawn Elementary School	Include current school staff on decisions that impact the staff.
Eastlawn Elementary School	Less classroom interruptions and less faculty meetings would be helpful. Many of the things that are said in the meetings could easily be sent in an email.
Eastlawn Elementary School	I think that it would be a valuable asset for all members of our school to cooperate as a team and have a voice in the learning process!
Eastlawn Elementary School	Do away with Flex grouping. Changing classes takes away from class time. Teachers would be able to know their students and meet their needs better if they just dealt with the same group of students all day.
Eastlawn Elementary School	It is a very clean and cheerful place to work where the staff work very hard for the students to achieve their full potential.
Eastlawn Elementary School	Nothing... keep reaching for the stars.
Eastlawn Elementary School	Staff dress code needs to be addressed to maintain our goal as strong role models for our students.
Central Elementary School	More time for peer coaching.
Central Elementary School	Please mount all projectors.
Central Elementary School	Air and heating in the hallways.
Central Elementary School	Please allocate money towards our schools repairs.
Central Elementary School	New computers for student usage.
Central Elementary School	Have more hands on educational experiences at our school.
Central Elementary School	N/A
Central Elementary School	Do not be so overwhelmed with test scores
Central Elementary School	Try to train parents on helping their kids and being more involved in their academic success.
Central Elementary School	Cut back on paperwork (Student Performance Records) so teachers can have more time to develop activities and centers for students.
Central Elementary School	We need to have a school-wide plan that covers certain tasks so all teachers are expecting the same thing. As an example, all students in the building put their heading in the same place on their papers with lower grades putting name and date and upper grades adding subject and page number. If everyone was on the same page with certain tasks it would bring unity to the school and would help the teachers at the beginning of the year with class routines and expectations when everyone has the same expectations. All teachers would have to adhere to the plan.
Central Elementary School	To improve the appearance of Central Elementary both outside and inside so that it matches the warmth

Institution	Response
Central Elementary School	of the students and staff working there. Love our new sign that a parent made for us.
Central Elementary School	Please update and paint the front of the building. It needs curb appeal.
Central Elementary School	Encouraging communication more
Central Elementary School	That we all <i>get along and work together as a team.</i>
Central Elementary School	More support staff for teachers.
Central Elementary School	N/A
Central Elementary School	It needs new paint and windows.
Central Elementary School	We have an active but small PTO. It would be better if we could get more parents involved in their children's education.
Central Elementary School	Update the exterior with landscaping/paint to make it more welcoming as well as the lobby.
Central Elementary School	Remodel
Central Elementary School	temperature control fix holes and cracks in wall...if the schools outer appearance were more inviting and updated,the public would have a better impression of us. We have updated technology in a run down building while other schools are getting makeovers.
Central Elementary School	School wide thematic units.
Central Elementary School	Extreme Facility Make OverActivities to bring back the joy and excitement about teaching and learning.
Central Elementary School	none
Central Elementary School	To update our school and put as much into this school to offer a equilly comfortable learning as the other schools in our district do, our children deserve the same as others.
Central Elementary School	Get new up to date computers.
Central Elementary School	Better technology for our students.
Central Elementary School	none
Jackson Elementary School	I would like to see more computers that are up to date.
Jackson Elementary School	Improved communication between administration and teachers.
Jackson Elementary School	I would like to have scheduled planning opportunities across grade levels. For example, I would like to have a chance to plan with the grade level above, so that I know what I need to do to ensure that my students are prepared for the next grade level.
Jackson Elementary School	Focus more on classroom work and what you can get out of the children at school. Some children do not have the support at home with doing homework and they get in trouble for not completing homework.
Jackson Elementary School	?
Jackson Elementary School	I just think we need to continue on the path we are already on. We just don't need to lose what we already have.
Jackson Elementary School	Consistant working computers.
Jackson Elementary School	Leader getting more involved and running the team.

Institution	Response
Jackson Elementary School	More tutoring offered to the students.
Jackson Elementary School	work to relieve the amount of paperwork
Jackson Elementary School	Intercom in D building hallway for emergency use during bad weather drills.
Jackson Elementary School	We need a playground for our students that is sturdy.
Jackson Elementary School	Can't think of anything.
Jackson Elementary School	Adding more computers in the classrooms so that students have easy access to the technology that is offered at any time of the day, not just computer lab time.
Jackson Elementary School	Maybe hire someone from the Hispanic community as an assistant if not qualified to teach to act as an interpreter as well as assist in the classrooms to help them adjust in the classroom better!
Jackson Elementary School	HIRE A FULL TIME, EFFECTIVE COUNSELOR!!!
Jackson Elementary School	Work closely as a grade team. Form "family" bonds with team members and other staff.
Jackson Elementary School	create an art class as an extra activity
Jackson Elementary School	We need a full time counselor. Our children have a lot of baggage.
Jackson Elementary School	I would love to see our library full of books.
Jackson Elementary School	enforce dress code
Jackson Elementary School	harmonious sense of school community
Jackson Elementary School	More instruction time, less testing.
Jackson Elementary School	MORE TECHNOLOGY
Jackson Elementary School	I would like to see more community in the schools.
Jackson Elementary School	Go to the source of any problems that may arise and solve it.
Jackson Elementary School	Offer more collaborative time for entire teams to discuss student needs, achievements, discipline areas, etc.... The teachers meet, but the assistants are doing "skills" and are often left out of these discussions and "therefore out of the loop."
Jackson Elementary School	I think updating some of our technology with help us be a contender with others school around the country.
Jackson Elementary School	Better communication.
Jackson Elementary School	more restrooms in some of our buildings
Jackson Elementary School	MORE RESTROOMS
Jackson Elementary School	I'm not sure!
Jackson Elementary School	I can't think of anything in particular. From what I see our teachers and staff work hard to provide an excellent education to these students.
Jackson Elementary School	I would like to see more opportunities for teachers to help instruct parents on how to help their children.
Jackson County School for Exceptional Children	Bariatric w/c accessibility
Jackson County School for Exceptional Children	Donot turn off appliances when school out such as fridges.

Institution	Response
Jackson County School for Exceptional Children	more students books for our school.
Jackson County School for Exceptional Children	lunch MENUS
Jackson County School for Exceptional Children	the moral
Jackson County School for Exceptional Children	The administrator needs to hold people more accountable for their actions
Jackson County School for Exceptional Children	READING SKILLS
Jackson County School for Exceptional Children	Better cafeteria menu coming from the Head Manager. Our cafeteria manager is wonderful but she can only serve what her supervisor tells her to serve and it is not what our students like. We end up throwing a lot of food out. It is so wasteful.
Jackson County School for Exceptional Children	No comment.
Cherokee Elementary School	Teachers need adequate uninterrupted time to plan.
Cherokee Elementary School	That ALL schools should be required to have full time assistants in Kindergarten.
Cherokee Elementary School	I think that the students should have the library made more available to them throughout the day. Some students read and take AR tests on their books and then have to wait for the next day to get another book, due to the unavailability of the library.
Cherokee Elementary School	Across the grade level meetings.
Cherokee Elementary School	MOTIVATION!!!
Cherokee Elementary School	More student freedoms for good behavior.
Cherokee Elementary School	Less time taking children out of the classroom for TST
Cherokee Elementary School	Implement learning communities within school.
Cherokee Elementary School	Protect teacher planning time. Designate one day a week that teachers might expect to have to attend a meeting or a training session during planning time. While it would not always be easy to work around that one day a week, teachers need to be able to plan when they will get their work done. Knowing which day of the week allows them to create a routine and work more efficiently.
Cherokee Elementary School	Expect parents to be parents.
Cherokee Elementary School	There should be better ELL services for those that need it.
Cherokee Elementary School	Offer remedial day services (not TST) for struggling students.
Cherokee Elementary School	Get rid of VIP folders.
Cherokee Elementary School	Kindergarten needs full time assistants.
Cherokee Elementary School	All Kindergarten classes get full-time assistants.
Cherokee Elementary School	We need more parent involvement with their student.
Cherokee Elementary School	Encourage people more.
Cherokee Elementary School	more math time
Cherokee Elementary School	ALL schools are required to have full time assistants in Kindergarten.

Institution	Response
Cherokee Elementary School	More uninterrupted planning time (and less paperwork)
Cherokee Elementary School	Not to have meetings or workshops on planning days, give us time to organize and plan for our students.
Cherokee Elementary School	each kindergarten teacher has a FULL time assistant.
Cherokee Elementary School	More parking area in back of school that we are allowed to use.
Cherokee Elementary School	x
Cherokee Elementary School	Think kindergarten should be required to have full time assistants.
Cherokee Elementary School	full time assistant in ALL of grade K classes.
Cherokee Elementary School	I think that the 3rd and 4th grade classes need more help in the math area. Since these two grades are being state tested, I believe that extra staff helping the students more would be beneficial to the students.
Cherokee Elementary School	Keep your teachers happy. If they are unhappy, all stakeholders (students, parents, administrators) are unhappy too.
Cherokee Elementary School	Making interventions a part of a class that way the children will not miss out on classroom work when pulled out of class, it done matter if it is just 30 min.some children need all of there time in the classroom.
Martin Bluff Elementary School	Academic Departmentalization for upper grades
Martin Bluff Elementary School	Individualized training for teachers
Martin Bluff Elementary School	smaller classrooms
Martin Bluff Elementary School	being able to lock our classroom doors incase of an emergency
Martin Bluff Elementary School	We need teachers assistants for each classroom in grades K-2.
Martin Bluff Elementary School	None
Martin Bluff Elementary School	Ipads for all teachers
Martin Bluff Elementary School	Our projectors need to be mounted on the wall. Our current situation impedes the learning process.
Martin Bluff Elementary School	The students need more time to release their energy, more breaks during the day need to be given.
Martin Bluff Elementary School	Ipads for teachers to be mobile and Ipads for students to use.
Martin Bluff Elementary School	double assistance in upper grades
Martin Bluff Elementary School	none
Martin Bluff Elementary School	We need money for tutoring in the early grades. I don't feel my students are doing as well in math this year because i didn't have the extra hour a week with each of my students to review math skills. This is the first year we didn't have tutoring and I could tell the difference.
Martin Bluff Elementary School	Provide keys so that teachers could work on off days if needed. Plus, locks on classroom and outside doors. The front is safe but side doors are open all day.
Martin Bluff Elementary School	Give us more space and involve the principal and staff in the planning of the expansion.
Martin Bluff Elementary School	Paint
Martin Bluff Elementary School	enlarge school facility

Institution	Response
Martin Bluff Elementary School	art class needs to be added
Martin Bluff Elementary School	?
Martin Bluff Elementary School	Address the space issues and restroom issues with the new addition that is being planned.
Martin Bluff Elementary School	Employee id scanner to enter building.
Martin Bluff Elementary School	I suggest to purchase more computers and books for the classroom use.
Martin Bluff Elementary School	Core subject departmentalization
Martin Bluff Elementary School	To have a teacher assistant for every teacher.
Martin Bluff Elementary School	more outside activities for students EX. art
Martin Bluff Elementary School	More assistant teachers
Martin Bluff Elementary School	more product-based assessment rather than pencil/paper tests
Martin Bluff Elementary School	I would like to have the resources needed to give every child a chance for real success...ie: more teacher assistants; more office support; more one to one for students who demand it. etc.... A staff badge door scanner would be nice.
Martin Bluff Elementary School	I believe departmentalization would improve our effectiveness.
Martin Bluff Elementary School	more teacher assistance
Martin Bluff Elementary School	Continue to enhance our rooms with more technology.
Martin Bluff Elementary School	Get more technical, up to date equipment
Martin Bluff Elementary School	As you begin construction, ask and listen to the needs of the teachers and principle. We know first hand what works and what does not work.
Martin Bluff Elementary School	Hire more teacher assistants
Martin Bluff Elementary School	Mount all technology
Martin Bluff Elementary School	better communication among all staff members and in a more timely fashion
Martin Bluff Elementary School	have a specific TST person to do it daily; leave assistants in the classroom to better help the students in the grade level they are assigned to; MORE assistants period!
Martin Bluff Elementary School	When adding on another building, make sure it will be able to occupy all of the students we will be holding.
Martin Bluff Elementary School	I would like to see more support for alternate route teachers.
College Park Elementary School	There should be some formal training on effective ways to treat your staff.
College Park Elementary School	Better Technology in our classrooms.
College Park Elementary School	it wouldn't help to offer any suggestions as I've tried
College Park Elementary School	Get out into the community. They need to see us.
College Park Elementary School	Get Art back into Elementary Schools
College Park Elementary School	Be fair and consistent

Institution	Response
College Park Elementary School	Be consistent and fair
College Park Elementary School	Get the problematic student out of the classroom.
College Park Elementary School	More consistency in discipline procedures and policies by teachers and better handling of discipline issues by administrator when it is absolutely necessary/higher expectations and follow-up in both discipline and academic areas
College Park Elementary School	I would like to see a parent center at the school. I want parents to feel comfortable coming into our school. If there were a room with tools to help parents work with their children, maybe they wouldn't be intimidated. We have a very welcoming environment at CPE, but there are some parents that are difficult to reach. Anything we can do to get more parents involved would be great!!!!
College Park Elementary School	More staff are consistent with helping keep the noise down (see #2).
College Park Elementary School	Improve discipline procedures. Each offense has a certain punishment used for every child no matter what.
College Park Elementary School	I would like to see character education done away with and our counselor to be available for counseling instead of having classes all day.
College Park Elementary School	Better discipline policy.
College Park Elementary School	I don't have any suggestions. I think our school is the best.
College Park Elementary School	Consistent discipline procedures need to be used.
College Park Elementary School	N/A
College Park Elementary School	nothing
College Park Elementary School	I would like more technological resources and training.
College Park Elementary School	Have an art class as one of our electives that are included with library, music, pe, and computers.
College Park Elementary School	We could have more Parent Involvement Workshops targeted at ways to help with Math and Reading skills.
College Park Elementary School	Rotation of leadership
College Park Elementary School	Be consistent and fair
College Park Elementary School	Cleanliness. My classroom floor is no longer white. It is so dirty, and the janitor says that he can't clean it any better. The hall floors are filthy. It hasn't always been this way.
College Park Elementary School	I have no suggestions.
College Park Elementary School	classroom computers that work properly.
College Park Elementary School	Teachers need to be allowed to reach students with varying instructional methods that may not follow a day to day script. Allow flexibility for those that are willing to move beyond the textbook.
Arlington Elementary School	Don't have any suggestions at this time.
Arlington Elementary School	Few tardies.
Arlington Elementary School	N/A
Arlington Elementary School	Nothing.
Arlington Elementary School	More True Teacher Work Days

Institution	Response
Arlington Elementary School	More teacher assistants.
Arlington Elementary School	Help students in their weakest area of learning.
Arlington Elementary School	I think we need to do find ways to get the parents more involved.
Arlington Elementary School	I'd like to teach my homeroom for the entire day.
Arlington Elementary School	Provide full time assistants in the classroom. Require parental involvement --somehow.
Arlington Elementary School	We need some way to deal more effectively with students who regularly misbehave and take away instructional time .
Arlington Elementary School	More character education for students
Arlington Elementary School	That parents instill in their children the importance of education and not focus on just GRADES.
Arlington Elementary School	Hire retired teachers to work X amount of hours with struggling students. Maybe this will help with TST.
Arlington Elementary School	Have monthly parent meeting
Arlington Elementary School	Less emphasis on the Accelerated Reader program.
Arlington Elementary School	Spring Break be Coordinated with other school districts and junior colleges
Arlington Elementary School	I can't think of any.
Arlington Elementary School	I feel honored to be apart of this school and district. Other than my concern detailed in question number 2, I have no suggestions.
Arlington Elementary School	Keep training and providing technology in all classrooms..
Arlington Elementary School	My suggestion for improving the school would be to hire more assistant teachers, inclusion staff, and ELL staff. I can't stress enough how important they are to the academic well being of the students. Also, having a full time assistant principal and councilor would be invaluable.
Arlington Elementary School	More consistency
Arlington Elementary School	N/A
Arlington Elementary School	Hold the students more accountable for their actions here at school with stricter discipline rules.
Arlington Elementary School	More Work Shops on classroom managment
Arlington Elementary School	I think teachers need to be more appreciated.
Arlington Elementary School	more technology resources
Arlington Elementary School	N/A
Arlington Elementary School	Have self-contained classrooms
Arlington Elementary School	Find ways to involve parents more.
Arlington Elementary School	Less involvement by central office personnel. More autonomy to building administration. More focus on learning and less on state testing (but that really isn't possible.) Teachers need more input into scheduling, school calendars and solving specific problems that arise. We are also closest to the policies that get implemented (generally), it would be nice if we could have some input into what those policies are. Meeting once a month on an advisory committee is not input.
Arlington Elementary School	
Arlington Elementary School	
Arlington Elementary School	
Arlington Elementary School	
Arlington Elementary School	
Arlington Elementary School	
Arlington Elementary School	
Arlington Elementary School	
Arlington Elementary School	
Pascagoula High School	

Institution	Response
Pascagoula High School	n/a
Pascagoula High School	I love my school. Keep up the great work.
Pascagoula High School	Rules and policies set forth by the student handbook and by the building principal need to be consistently and uniformly enforced.
Pascagoula High School	more training in elective based classes,
Pascagoula High School	none
Pascagoula High School	Enlist teacher input always in any significant change to day to day instruction and how that affects students.
Pascagoula High School	some kind of team building day of sorts
Pascagoula High School	Improve athletic facilities
Pascagoula High School	quit teaching to the test
Pascagoula High School	On site Social Workers or Highly Qualified counseling Counselors. Maybe, start a "Mentoring Program" for professionals in our community to reach out and help these young men and women that are struggling with life issues. If we can help these problems we can build on their basic needs being met, therefore they can concentrate more on the academics!
Pascagoula High School	Hold teachers responsible for keeping students in class.
Pascagoula High School	Principals like other schools have the power to grant or fax team rosters to Jackson for out of state competition and not have to go to school board
Pascagoula High School	consistency and structure from administration
Pascagoula High School	More equal distribution of responsibility for student achievement to all teachers, not just state tested ones, to parents, and to students themselves.
Pascagoula High School	Do away with some of the paper work
Pascagoula High School	I would like see pep rallies at least once every two months to reward the children for behavior and keep up student morale.
Pascagoula High School	Reduce class size.
Pascagoula High School	Put ELL students in a year long English course taught by someone who speaks both languages fluently before the child is placed in regular classes. Stop teaching to the test and teach to mastery. Give teachers room to breathe with their students and acknowledge the individual student. Cut out all the meetings.
Pascagoula High School	Hire a testing coordinator and get the teachers more involved in taking ownership of the test and the test results.
Pascagoula High School	NA
Pascagoula High School	More ways to reach lower level students
Pascagoula High School	I feel that the higher your expectations, the higher your students will perform to meet those expectations. The implementation of more AP courses choices or the formation of an IB curriculum for the PSD students would, without a doubt, lead to higher expectations and a world class education for the children of the Pacagoula School District.
Pascagoula High School	Students that have not learned the material should not pass. Not all students are college material and need

Institution	Response
Pascagoula High School	to be trained for jobs in the real world. Start school at 7:45 and end at 2:55
Pascagoula High School	Administrative staff should present a strong united front to the students and support to the teacher. Administrative staff is often inconsistent when dealing with dress code and behavior issues. This year our building administrators have not shown the teaching staff any support in the form of a breakfast, lunch, or any small "happy". These little pick-me-ups can be important during a long stressful year.
Pascagoula High School	More money for teachers to spend on supplies
Pascagoula High School	I think that our school leaders should be succinct and clear in the messages they communicate. I think more teachers should embrace diversity. I think our administrators should conduct regular surprise observations of all teachers to see if they are teaching in an appropriate manner and teaching the material on their lesson plans.
Pascagoula High School	Improve teacher moral.
Pascagoula High School	It is difficult to try to teach high school age students fundamental reading, writing and mathematics. It is even more difficult to teach basic problem solving skills. There needs to be more emphasis AND accountability for students not achieving these fundamental skills at their appropriate age and grade level. This would allow for more appropriate, more advanced and a higher standard education level in high school which would better prepare students for a brighter future as our mission statement indicates. I feel we are falling shorter each and every year with the average graduating class students. The average graduating student should have a very capable vocabulary, good reading and comprehension skills, and can do basic mathematics. These are the fundamentals and foundation to being successful in today's work force.
Pascagoula High School	N/A
Pascagoula High School	Stress to the students that we provide the tools for their success but they have to want it.
Pascagoula High School	I would like to see more interest in this building as far as support
Pascagoula High School	With time and team work, we will get better.
Pascagoula High School	Do away with 9th grade academy. Put departments back together.
Pascagoula High School	Reduce the amount of testing.
Pascagoula High School	I think the school needs to freshing up. (new paint)
Pascagoula High School	Continuous, systematic professional development (training) for teachers and staff.
Pascagoula High School	Get more teacher input on some administrative decisions.
Pascagoula High School	Computers in classrooms that do not have up to date computers.
Pascagoula High School	More minority staff and teachers
Pascagoula High School	Less time in meetings would give teachers more time to plan for instruction. Maybe we could have Monday meetings once monthly.
Pascagoula High School	n/a
Pascagoula High School	Smaller class sizes across the board. SATP classes have small numbers, but other classes are large.

Institution	Response
Pascagoula High School	Guidance counselors should have more time to develop student schedules so that less mistakes happen. Possibly allowing more teachers of test-taking subjects to have the same planning period off to PLAN and collaborate.
Pascagoula High School	Teachers need to be told they are doing a good job. Also, if people are not doing their job in the manner expected of them, they should be pulled aside individually and addressed.
Pascagoula High School	I would like to see our state tested classes to have an uninterrupted lunch. The disruption makes it more difficult to teach. I would also like to see us meet with our advisory everyday for announcements etc. This would mean a smooth transition for 1st block.
Pascagoula High School	It needs to be cleaner. The bathrooms are filthy.
Pascagoula High School	Adminsistrators working as a team to consistantly handle behavior problems, dress code issues, and student attendance. Protection of classroom time also needs improvement.
Pascagoula High School	I'd like to see more structured in-house support for those new to teaching (as opposed to those new to a particular building).
Pascagoula High School	More open, honest communication instead of run around when asked a direct question.
Pascagoula High School	Hold students to a higher standard with behavior not only academics.
Pascagoula High School	more technology
Pascagoula High School	Mobile computer labs! I could do mini research projects so easily!
Pascagoula High School	Adminsistrators working as a team to consistantly handle behavior problems, dress code issues, and student attendance. Protection of classroom time also needs improvement.
Pascagoula High School	Realistic Goals
Pascagoula High School	allow teachers to REALLY be heard
Pascagoula High School	n/a
Pascagoula High School	Make all teacher teach at least three classes.
William Colmer Middle School	See above
William Colmer Middle School	Use more input from teachers.
William Colmer Middle School	Class interruptions and children leaving class to "visit" with a parent with an unnecessary request to see them.
William Colmer Middle School	hold all students accountable for grades, attendance and behavior
William Colmer Middle School	na
William Colmer Middle School	Hold students responsible and require accountable for grades, work completion, and behavior.
William Colmer Middle School	Teachers be provided with student test scores on the first Pro Dev. day after summer break, so we can plan accordingly.
William Colmer Middle School	Adherence to protocol set by onsite administrators.
William Colmer Middle School	More opportunities to involve parents

Institution	Response
William Colmer Middle School	Students should be held accountable for grades and behavior.
William Colmer Middle School	none
William Colmer Middle School	Teachers wear to many hats. Please give more time to preparing for class and tutoring students on an individual bases.
William Colmer Middle School	n/a
William Colmer Middle School	None, we are on the right track.
William Colmer Middle School	Purchase another copier and purchase more technology for classrooms
William Colmer Middle School	more computers
William Colmer Middle School	no comment
William Colmer Middle School	I would like to see consistent discipline that fits the offense. Behavior issues get lighter discipline (administrative chats) while uniform offenses get ISI. Too much emphasis based on socks, shoe strings etc.
William Colmer Middle School	There are way too many objectives placed on these students. There is no way they can take in the amount of information in the time provided. In the department that I am in, the MCT has 2 sections from, The students need 2 classes to get all of the information and not just be overwhelmed with info. The kids can work, and study, but with so much info and so little time to get it all across, they are not being prepared to move up to the next grade level.
William Colmer Middle School	I would suggest that our school increase cultural diversity in lessons.
William Colmer Middle School	Give assistants training in the various fields they work in. I also would like to see the district step up and recognize that because they are assistants they are in fact as valuable. Assistants need to be seen as a valuable part of the district.
William Colmer Middle School	Hour detentions would be served the following day after school.
William Colmer Middle School	Reward the students and teachers for good behavior and the good things they do. Do not reward bad behavior, period.
William Colmer Middle School	Treat the Children in Life Skills as if they belong here, and make the assistants feel that they do to also. I know that I was only suppose to put down one thing, but these are the things that I feel need to be worked on.
William Colmer Middle School	I made it at already.
William Colmer Middle School	process to keep discipline consistent
William Colmer Middle School	More things for students to do , and less testing.
William Colmer Middle School	n/A
William Colmer Middle School	More reward systems for those who do well in school academically and behaviorally. Hold students accountable for their academics and behavior.
William Colmer Middle School	it is not a suggestion, but a statement of just keep pushing for good to great!
William Colmer Middle School	Provide differentiated materials/resources to meet the needs of all students and provide professional development training for teachers who need to learn how to differentiate instruction/learning for students. All students do not learn the same and are falling by the wayside due to lack of differentiated instruction.
William Colmer Middle School	to make all teachers aware that PE is an important class.----we give test and daily grades-- It's not "just Pe"

Institution	Response
William Colmer Middle School	It's not just play time--we have objectives to reach too.
William Colmer Middle School	Discipline is consistent for every student.
William Colmer Middle School	Hold the administrators more accountable. Listen and respect opinions of teachers as professionals
William Colmer Middle School	More effective discipline for disrespect, accountability for poor attendance
William Colmer Middle School	Block Scheduling.
William Colmer Middle School	All students should be held to the highest standards by administration, parents, teachers, and other students.
William Colmer Middle School	Increase parent involvement.
William Colmer Middle School	I would like to see a more flexible dress code. Part of diversity is individuality. I agree in uniforms, but I do feel that at times it can be over policed. I think that it can suppress creativity in some ways. Within reason, I would like to see some more freedoms and more jean days allowed for faculty and students alike.
William Colmer Middle School	I think all staff members work well for the betterment of the children, so we need to continue this trend.
Trent Lott Academy	I would love to see video/audio monitoring systems in every classroom.
Trent Lott Academy	Since TLA is called a transition school, all aspects of the school/discipline should be designed to be a transition between elementary and middle schools. Students need to be held accountable for their actions by the time they are in the 6th grade to prepare them for the move to middle grades.
Trent Lott Academy	More time for teacher discussion of student data - the additional day at the beginning of the year 2012-2013 is a great start.
Trent Lott Academy	stop holding meetings during planning time
Trent Lott Academy	noneknown
Trent Lott Academy	I think the students deserve a small break in the day! 15 minutes!!
Trent Lott Academy	more support staff
Trent Lott Academy	I would like to see discipline improve
Trent Lott Academy	Make sure to continue updating computers for each class. Many of the computers brought from the elementary schools are very outdated and can't keep up with the new programs and online testing.
Trent Lott Academy	Teachers need more time to prepare. One hour a day is not enough!
Trent Lott Academy	Build a new building that offers a new and improved choir room and band hall.
Trent Lott Academy	I would like to see "Beginners" classes in trade/skills offered. (i.e. carpentry, masonry, etc.)
Trent Lott Academy	better communication between staff
Trent Lott Academy	To implement Title One classes for both language and math to meet the specific needs of the students. At this age, we want the gap between the students who are behind several grade levels and students on grade level to be reduced. These students are going to be the ones who will dropout if something is not done at this age or earlier.
Trent Lott Academy	The discipline plan works for the majority of the students. However, for the students who are major behavior problems, the plan is a joke. After a student has gone through all six steps on the discipline ladder or received a referral for excessive detentions, he/she should have ISI immediately for every infraction that

Institution	Response
Trent Lott Academy	follows, not be allowed to "start over." The philosophy behind the discipline ladder and the need to keep students in the classroom is understood, unfortunately, the reality allows for more disruptions and off-task behavior from the student in question and affects the rest of the students in the classroom.
Trent Lott Academy	TLA should be allowed to operate as a transition between elementary and middle school rather than as upper elementary.
Trent Lott Academy	None
Trent Lott Academy	I think we need more current technology items such as ipads-bookreaders-etc....
Trent Lott Academy	Don't make us too 'elementary.' Make sure we are still transitioning our students to the next level. We don't want the 6th graders taking a step back.
Trent Lott Academy	more technology, ex: IPad, laptops
Trent Lott Academy	I would love for every single person who works in this school to want to be here and be here for the right reasons.
Trent Lott Academy	bus montions on buses
Trent Lott Academy	To offer more opportunities for the students to learn about their heritage.
Trent Lott Academy	Continue to train the teachers and expose them to more teaching best practices.
Trent Lott Academy	Trust teachers to do the job that they were hired to do and give them some help with "secretarial duties"---- making copies, filling out forms, reports, etc.
Trent Lott Academy	Staff development to encourage differentiated instruction and collaborative learning.
Trent Lott Academy	Discipline focused more to the age group of our school
Trent Lott Academy	A formal process to look at data which will then give us instructional support and ideas.
Trent Lott Academy	To much testing
Trent Lott Academy	We should be allowed to transition 6th graders from an elementary way of doing things to a middle school way of learning. We were very successful in the past with this approach.
Trent Lott Academy	Devise a set of rules/guidelines/consequences that are specific to 5th/6th grades and hold the kids to it.
Trent Lott Academy	discipline closer to a middle school concept
Trent Lott Academy	I think the transitional handbook would improve our school in areas such as dress code and discipline by providing support for teachers.
Trent Lott Academy	none
Trent Lott Academy	maintain some consistency with curriculum, faculty, administration, behavior policies and procedures....
Trent Lott Academy	Let teacher have a voice in the decisions of the school-example scheduling of students, intervention classes.
Trent Lott Academy	Stronger consequences for bad behavior
Trent Lott Academy	none
Trent Lott Academy	Extended planning time.
Trent Lott Academy	That we return to transtioning just 6 graders.

Institution	Response
Trent Lott Academy	I like that we have now implemented recess, I would definitely keep this around! I feel like the students respond positively to incentives, and offering more things like breaks (like popcorn Fridays, etc.) would encourage student success.
Trent Lott Academy	Improved communication between principal, assistant principal, and teachers
Trent Lott Academy	Assistant teachers are needed at this level. There are so many students who perform below grade level, and the teachers need the extra help to ensure that these students' needs are met. Also, lesson plans should not take teachers so long to write. The pacing guide tells us what we are to teach and when to teach the objectives. If we follow the guide, and we must in order to be on target for CA's and DA's, we are covering the skills. The teachers are overloaded and the detailed plans are unnecessary. The pacing guide tells us what we must do. Teachers are spending many, many hours working after school and on weekends which causes morale to be low.
Lake Elementary School	n/a
Lake Elementary School	extra adults
Lake Elementary School	Smaller teacher/pupil ratio, Updated/more classroom computers
Lake Elementary School	The improve the structure and cosmetics of the school.
Lake Elementary School	If we could hire a computer teacher it would take a burden off the regular ed teachers that are teaching research/computer skills on top of the academic curriculum.
Lake Elementary School	try to impress upon the parents the importance of learning and aiding their children throughout their school careers
Lake Elementary School	more staff
Lake Elementary School	Expand the facilities to accomodate speech, tutoring, P.E. and Music
Gautier High School	Simplify the dress code.
Gautier High School	A written policy for teacher improvement, including an appeal process that involves a third party that is neutral to hear both sides before life-changing decisions are made. Job security based upon job performance and clear, open communication between everyone.
Gautier High School	We need more collaborative efforts across curricula and more authentic assessments.
Gautier High School	We are out of room! Build more classrooms and provide more teachers.
Gautier High School	all rules enforced by everyone
Gautier High School	N/A
Gautier High School	n/a
Gautier High School	Covered areas for buses to unload.
Gautier High School	high expectations regarding discipline
Gautier High School	Make the dress code less confusing.
Gautier High School	To reward students whom have great attendance and grades by exempting them from Final Exams. This would promote students to attend school and do better in their classes.
Gautier High School	Continue with the steps that have been taken in the 7 years.

Institution	Response
Gautier High School	Disband or rotate teachers/counselors who have been performing the same roles year after year (only outside of the office and classroom). Balance out the duties and responsibilities of who does what at our school. Assign previously unassigned duties to teachers in order to give them a chance to become engaged and truly feel that they are part of our school.
Gautier High School	
Gautier High School	In site staff training instead of at the CTL.
Gautier High School	put a complete stop to class interruptions.
Gautier High School	We need more room and some additional teachers. We are just big enough to be crowded, but not large enough to warrant the additional full-time staff.
Gautier High School	N/A have not been there long enough
Gautier High School	trust the teachers to be the professionals they are do not micromanage us
Gautier High School	Hold the students fully accountable for all of their choices/actions
Gautier High School	Improve communication from central office to all schools!! Sometimes @ GHS we're the last to know about changes that directly affect our finance department. As far as students are concerned, less homework! Less emphasis on what they are wearing, less on testing, more on what they are learning!
Gautier High School	More parent participation. I know that's a tuff task.
Gautier High School	Treatment of staff needs to drastically improve. Lines of communication should be open and inviting.
Gautier High School	NA
Gautier High School	Allow proven teachers to depart from pacing guides and District Assessments to allow for the highest quality education.
Gautier High School	Get enough technology equipment so that each teacher has what they need to use technology in the classroom and has it when it is needed. Get enough textbooks so that all the students have their own to bring home.
Gautier High School	Promote more consistency in enforcing school rules and/or re-evaluate the effectiveness of the rules
Gautier High School	ALL teachers and students to be treated the same. Fairness to EVERYONE.
Gautier High School	Create an environment where staff members feel safe to discuss problems or concerns.
Gautier High School	Nothing really, I love it!
Gautier High School	More electives for students to take.
Gautier High School	Morale building for faculty
Gautier High School	have the workplace go back to feeling like a family and everyone treated fairly. Morale would pick back up for sure.
Gautier High School	have the school sprayed for pests often
Gautier High School	Additional support for all staff.
Gautier High School	Too many students come back from the P.O.C talking about how fun it is and how they wish they could go back. The OC should not be a daycare or babysitting service like it seems to be. Students do not come back

Institution	Response
Gautier High School	to the classroom prepared to work at the level of other students. I believe discipline problems would decrease if the alternative school was seen as a punishment instead of a privilege.
Gautier High School	Do not wish to comment
Gautier High School	Focus more on what is best for our students compared to what is best for our QDI.....
Gautier High School	Enhanced face-to-face communication between leaders and staff
Gautier High School	I would train the administration of GHS that before they employ authority over teachers that they seek to build positive relationships with them first. With each teacher, I would follow the three A's of effective management of people. Personal Affirmation (You are so good at...) - Personal Appreciation (Thank you so much for...) Personal Attention (Spend some time getting to know the teachers. Ask them what there frustrations are. Ask them about their families. Just get to know them as people and not just teachers whom they must hold accountable. By doing this, the administration will lift up the teachers making them feel valued and appreciated.
Gautier High School	Seniors who are performing poorly, should not receive a diploma until they earn the grade; thereby all students are treated equally.
Gautier High School	I would like to see the dress code changed in some areas (logos, color of shoes (still leather), tattoos)
Gautier High School	Place more responsibility for learning on the students themselves.
Gautier High School	N/A
Gautier High School	Cut down on teacher observations
Gautier High School	Create a practice of controlling hail noise when make-up state testing is in progress
Gautier High School	haven't been here long enough
Gautier High School	the Finance department (ordering and purchasing -not HR) needs to be brought into the current century. it is a day of on-line/ internet and the P.O. and processing for things is slow. our bookkeeper here is great and is on top of all.
Gautier High School	protect instructional time.
Gautier High School	N/A
Gautier High School	Give teachers a 1 day a month duty free day. Give teachers a pay raise!!! Reason why: we pay 10% of our pay to retirement, the employer amount didn't increase. So we pay out more and get less but are expected to do more.
Gautier High School	Our school is pretty good as is, but if I had to give some idea of improvement I guess it would be at times (very few times) moral is low.
Gautier High School	Treat everyone with the respect and dignity that should be afforded to all humans. (especially those who go above and beyond the call of duty on a daily basis) Work harder to encourage employees without micromanaging them.
Gautier High School	n/a
Gautier High School	More opportunity to get to know each other on a personal level

Institution	Response
Gautier High School	I think we need a home base for students--a true homeroom that meets once a week (maybe even at the end of the day). We can run a pep-rally schedule (or even make it shorter, but modified nonetheless). This will give students the opportunity to have a contact point throughout their entire time at GHS. Ideally, the students would have the same "home base" teacher the entire time they are at GHS (but I have no idea if the numbers would work out). THIS teacher will be their advocate when they need one (let's face it--the counselors are busy!). Worst case scenario--a personality conflict or two arises and we make a few teacher/student shifts. Best case scenario--students feel like they have a home base once a week and progress reports/report cards/important announcements/team building activities, etc. can all be done in this class. It would prevent less students from falling through the cracks and more "school business" would get done. The only caveat--teachers would have to be given direction for the time period, or some would not use it wisely to build the trust and rapport with the students necessary for maximum benefit.
Gautier High School	Support your teachers...they're the ones that get it done!
Gautier High School	Stop micromanaging the teachers and let them teach to their ability instead of satisfying petty desires of administrators.
Gautier High School	more textbooks for all courses
Gautier High School	Continue working on student motivation
Gautier High School	If each department would be willing to simply communicate their needs and listen to others needs to resolve issues before they become a larger issue, then there would be less drama within the school.
Gautier High School	n/a
Gautier High School	Communicate as far in advance as much as possible AND (I know this is two) be consistent in discipline and enforcement of handbook policy.
Gautier High School	go to 10 point grading system
Gautier High School	keep improving!
